Dear Thom,

I am sending you this Utility Provider Letter per your request regarding electric service to the Jerome Village subdivision project. Union Rural Electric (URE) is the electric utility provider in sections of your development as indicated by the Public Utilities of Ohio territorial maps. It is our intention to provide electric service in the territories designated by the PUCO as URE as we have facilities in the Jerome Township area available.

URE requires that a Developers Agreement be signed and any contribution in-aid -to -construction costs (CIAC) be paid prior to the installation of new facilities. We will need to have copies of your final, approved plat plans in order to work up the Agreement and CIAC cost if any.

Please contact me if you require any additional information regarding this matter.

Yours truly,

A handwritten signature in cursive script that reads 'Kevin'.
