Union Rural Electric Terms and Conditions - Development must comply with URE's Terms and Conditions for Supplying Electric Service.

Easement Requirements – URE has easement requirements of 20 feet for underground primary and secondary facilities.

- Actual location of electrical facilities can be located within a 10 feet easement if adjacent property has additional easements or right of way for ingress and egress totaling a minimum of 20 feet. When on a property line, require 10 ft easement on each of the adjacent properties. Developer to install creek/stream crossing (directional bore if applicable) 10 feet beyond stream protection easements (when applicable).
- Utility Easement for URE electric facilities will be joint use for phone, cable or other private communication entities (fiber).
- Allow Utility ingress and egress of open space as necessary for maintenance, repairs, replacement of electric facilities.
- Where practical, do not place the easement area over building setbacks, adjacent to is acceptable. URE does not want the primary conductor to be within five feet of the basement walls or building footers.
- Electric easements must be platted and shown on final plat plans.
- No permanent or semi-permanent structures, fencing, plantings, etc. shall be permitted in the easement areas. Said easement rights shall include the right, without liability therefore to remove trees and landscaping, including lawns within and without said easement premises which may interfere with installation or maintenance of facilities.

Street Crossings and Adjacent Property Paths - Street crossing and adjacent property paths to be determined when facilities layout is completed.

Landscape Plans - Landscape Plans shall not interfere with URE utility easements or access to URE facilities and shall comply with any regulatory and/or NESC rules.
