Re: RTPO Planning Report
Date: November 5, 2026

The following are items for discussion at the November 12, 2026 LUC Executive Committee Meeting.

Indian Lake Trail Study

The Indian Lake Trail Study is in its final stages and should be wrapping up by the end of the year. Once completed, the LUC Executive Committee will be asked to accept the study and the study will be made available on the LUC website.

Urbana Signal Study (North/South Corridor)

Burgess and Niple has been authorized to begin the Urbana Signal North South Corridor Study. The study will complete a citywide signal study. The east/west corridor was completed in 2024. The north/south corridor could not be complete due to the High Street project. The 2024 study led to a $2 million Small City Grant from ODOT. The signal study will perform a comprehensive inventory and condition assessment of the 13 traffic signals in the study. The assessment will assist the city in prioritizing improvements or signal replacements moving forward. All of the signals in the study are along either North or South Main Street (US68).

Other

The next TAC meeting will be on December 7. All meetings will begin at 9:30 AM and are held at the Village of West Liberty Offices.

FY 2027 Budget Status (As of 9-30-2026)

Work Elements	Total Budget	Balance	Percent Expended	Monthly Expense	YTD Expenses
