Freight Container. A standardized, reusable shipping vessel, of a permanent character, accordingly strong enough for repeated use, used in the transportation of freight and capable of being mounted and moved on a rail car, mounted on a chassis or bogie for movement by truck trailer, and/or loaded on a ship. Note: This term does not include semitrailers, van boxes, rail cars, or other similarly constructed vessels originally intended to be affixed with wheels and axles.

Home Occupation. A use which is an activity, profession, occupation, service, craft, or revenue-enhancing hobby conducted by a person on the same premises as the principal place of residence which is clearly subordinate and incidental to use of the premises for residential purposes and is conducted entirely within the dwelling unit, without any significant adverse effect upon the surrounding neighborhood.

Hospital. An institution providing health services primarily for human in-patient medical or surgical care for the sick or injured and including related facilities such as laboratories, out-patient departments, training facilities, central service facilities and staff offices that are an integral part of the facility.

Junk. "Junk" means old scrap copper, brass, rope, rags, trash, waste, batteries, paper, rubber, junked, dismantled, or wrecked automobiles or parts thereof, iron, steel, and other old or scrap ferrous or non-ferrous materials.

Junk Yard. “Junk Yard” means an establishment or place of business, or any other land, used for the purpose of storing, keeping, buying, or selling junk, or for the maintenance or operation of an automobile graveyard. It shall also include scrap metal processing facilities, which are located within one thousand (1,000) feet of the nearest edge of the right-of-way of a highway or street.

kennel. Any lot or premise, on which dogs, cats, or other household pets are boarded, bred or exchanged for monetary compensation.

Litter. Garbage, trash, waste, rubbish, ashes, cans, bottles, wire, paper, cartons, boxes, automobile parts, furniture, glass, or anything else of an unsightly or unsanitary nature thrown, dropped, discarded, placed, or deposited by a person on public property, private property, or in or on waters of the state.

Loading, Space, Off-Street. Space logically and conveniently located for bulk pickups and deliveries, scaled to delivery vehicles expected to be used, and accessible to such vehicles when required off-street parking spaces are filled. Required off-street loading space is not to be included as off-street parking space in computation of required off-street parking space. All off-street loading spaces shall be located totally outside of any street or alley right-of-way.

Lot. For the purposes of this Ordinance a lot is a parcel of land of sufficient size to meet minimum zoning requirements for use, coverage, and area for one principal use together with its accessory buildings and which provides such yards and other open spaces as are herein required. Such lot shall have frontage on an improved public street (road), and may consist of:

1. A single lot of record;
2. A portion of a lot of record;
3. A combination of complete lots of record, of complete lots of record and portions of lots of record, or of portions of lots of record.

Lot Coverage. The ratio of enclosed ground floor area of all buildings on a lot to the horizontally projected area of the lot, expressed as a percentage.

Lot Frontage. The front of a lot shall be construed to be the portion nearest the street or road right-of-way line. For the purpose of determining yard requirements on corner lots and through lots, all sides of a lot adjacent to streets or roads shall be considered frontage, and yards shall be provided as indicated under “Yard” in this section.

Lot, Minimum Area of. The area of a lot is computed exclusive of any portion of the right-of-way of any public or private street or road.

Lot Measurements. A lot shall be measured as follows:

1. Depth. The distance between the mid-points of straight lines connecting the foremost points of the side lot lines in front and rearmost points of the side lot lines in the rear. No lot shall have an average depth which is more than three (3) times its average width.

2. Width. The distance between straight lines connecting front and rear lot lines at each side of the lot, measured at the building setback line.

Lot of Record. A lot which is part of a subdivision recorded in the office of the County Recorder, or a lot or parcel described by metes and bounds, the description of which has been so recorded.

Lot Types. Terminology used in this Ordinance with reference to corner lots, interior lots and through lots is as follows:

1. Corner Lot. A lot located at the intersection of two (2) or more streets. A lot abutting on a curved street or streets shall be considered a corner lot if straight lines drawn from the foremost points of the side lot lines to the foremost point of the lot meet at an interior angle of less than one hundred thirty-five (135) degrees.
2. Interior Lot. A lot with only one (1) frontage on a street.
3. Through Lot. A lot other than a corner lot with frontage on more than one (1) street or road. Through lots abutting two (2) streets or roads may be referred to as double frontage lots.
4. Reversed Frontage Lot. A lot on which frontage is at right angles to the general pattern in the area. A reversed frontage lot may also be a corner lot.

Major Thoroughfare Plan. The portion of the comprehensive plan adopted by the Village indicating the general location recommended for arterial, collector and local thoroughfares within the appropriate jurisdiction.

Manufactured and/or Mobile Home Park. Any tract of land, upon which three (3) or more manufactured and/or mobile homes used for habitation are parked, either free of charge or for revenue purposes and includes any roadway, building, structure, vehicle, or enclosure used or intended for use as a part of the facilities of the park. This definition does not include individual lots for the purposes of installation of manufactured and/or mobile homes for habitation.

Manufacturing, Heavy. Manufacturing, processing, assembling, storing, testing and similar industrial uses which are generally major operations and extensive in character; require large sites, open storage and service areas, extensive services and facilities, ready access to regional transportation; and normally generate some nuisances such as smoke, noise, dust, glare, air pollution, but not beyond the district boundary to any large extent.

Manufacturing, Light. Manufacturing or other industrial uses which are usually controlled operations; relatively clean, quiet, and free of objectionable or hazardous elements such as smoke, noise, odor or dust; operate and store within enclosed structures; and generate little industrial traffic and no major nuisances.

Medical marijuana related definitions:

- a) Cultivate. Pursuant to ORC 3796 as amended or replaced from time to time, “cultivate” means to grow, harvest, package, and transport medical marijuana.
- b) Cultivator. Pursuant to ORC 3796 as amended or replaced from time to time, “cultivator” means an entity or person licensed by the State of Ohio to grow, harvest, package, and transport medical marijuana.

- c) Dispensary. Pursuant to ORC 3796 as amended or replaced from time to time, “dispensary” means an entity or person licensed by the State of Ohio to sell medical marijuana.
- d) Manufacture. Pursuant to ORC 3796 as amended or replaced from time to time, “manufacture” means the process of converting harvested plant material into marijuana extract by physical or chemical means for use as an ingredient in a medical marijuana product.
- e) Marihuana. Pursuant to ORC 3796 as amended or replaced from time to time, “marihuana” has the same meaning as “marihuana” as defined in ORC 3719 as amended or replaced from time to time.
- f) Marijuana. Pursuant to ORC 3796 as amended or replaced from time to time, “marijuana” has the same meaning as “marihuana” as defined in ORC 3719 as amended or replaced from time to time.
- g) Medical Marijuana. Pursuant to ORC 3796 as amended or replaced from time to time, “medical marijuana” means marijuana that is cultivated, processed, dispensed, tested, possessed, or used for a medical purpose.
- h) Medical Marijuana Entity. Pursuant to ORC 3796 as amended or replaced from time to time, “medical marijuana entity” means a medical marijuana cultivator, processor, dispensary, or testing laboratory licensed by the State of Ohio.
- i) Processor. Pursuant to ORC 3796 as amended or replaced from time to time, “processor” means an entity or person licensed by the State of Ohio to manufacture medical marijuana products.
- j) Testing Laboratory. Pursuant to ORC 3796 as amended or replaced from time to time, “testing laboratory” means an independent laboratory licensed by the State of Ohio to have custody and use of controlled substances for scientific and medical purposes and for purposes of instruction, research, or analysis.

Mining, Commercial Quarries, Sand and Gravel Pits. Any mining, quarrying, or processing of limestone, clay, sand and gravel or other mineral resources. Also referred to as mineral extraction.

Motel or Hotel. A series of attached, semi-detached, or detached sleeping or living units, for the accommodation primarily of automobile transient guests, having convenient access to off-street parking spaces, for the exclusive use of the guests or occupants and including also such accessory commercial uses operated primarily for the convenience of guests and subject to such restrictions as may be specified in the district where located. Also, see transient lodging.

Motor Vehicle Salvage Facility. Means any establishment or place of business which is maintained, used, or operated for buying or selling wrecked, scrapped, ruined, or dismantled motor vehicles or motor vehicle parts.

Non-Conformities. A building, structure, use of land, or building(s) and/or structures in combination existing at the time of enactment of this Ordinance and which does not conform to the regulations of the district or zone in which it is situated.

Nursing Home. A home used for the reception and care of individuals who by reason of illness or physical or mental impairment require skilled nursing care and of individuals who require personal care services but not skilled nursing care. A nursing home is licensed to provide personal care services and skilled nursing care.

Nursery, (Greenhouse) Tree and Plant. A place where young trees or other plants are raised for transplanting and/or sale.

Offices. Quasi-commercial uses which may often be transitional between retail business and/or manufacturing and residential uses. Office business generally accommodates such occupations as administrative, executive, professional, accounting, clerical, drafting, etc. Institutional offices of a charitable, philanthropic, financial, religious, or educational nature are also included in this classification.

Open Space. An area substantially open to the sky which may be on the same lot with a building. The area may include, along with the natural environmental features, water areas, swimming pools, tennis courts, and other recreational facilities that the Planning Commission deems permissive. Streets, parking areas, structures for habitation, and the like shall not be included.

Parking Space, Off-Street. For the purpose of this Ordinance, an off-street parking space shall consist of an area adequate for parking an automobile with room for opening doors sufficiently on both sides, together with properly related access to a public street or alley and maneuvering room, but shall be located totally outside of any street or road or alley right-of-way.

Permanent Foundation. Means permanent masonry, concrete, or locally approved footing or foundation, to which a dwelling may be affixed.

Personal Services. Any enterprise conducted for gain which primarily offers services to the general public such as shoe repair, watch and clock repair, barber and beauty shops and similar activities.

Planned Unit Development. An area of land in which a variety of housing types and subordinate commercial and industrial facilities are accommodated in a pre-planned environment under more flexible standards, such as lot sizes and setbacks, than those restrictions that would normally apply under these regulations. The procedure for approval of such development contains requirements in addition to those of the standard subdivision, such as building design, principles and landscaping plans.

Printing and Publishing. Any business which is engaged in the printing and/or publishing of newspapers, magazines, brochures, business cards, screen printing, and similar activities either for profit or non-profit.

Public Service Facility. The erection, construction, alteration, operation, or maintenance of buildings, power plants, substations, water treatment plant or pump station, sewage disposal or

pumping plants and other similar public service structures by a public utility, by a railroad, whether publicly or privately owned, or by a governmental agency, including the furnishing of electrical, gas, rail transport, or communication.

Public Uses. Public parks, schools, administrative and cultural buildings and structures, not including public land or buildings devoted solely to the storage and maintenance of equipment and materials and public service facilities.

Public Way: An alley, bridge, channel, ditch, easement, expressway, freeway, highway, land, road, sidewalk, street walk, bicycle path; or other ways in which the general public or a public entity have a right, or which are dedicated, whether improved or not.

Quasi-public Uses. Churches, and other facilities of an educational, religious, spiritual, charitable, philanthropic, or non-profit nature.

Recreation, Commercial. Any business which is operated as a recreational enterprise, either publicly or privately owned, for profit. Examples include, but are not limited to: golf courses, bowling alleys, swimming pools, pool halls, tourist attractions, etc.

Recreation, Non-commercial. Any business which is operated as a recreational enterprise, either publicly or privately owned for nonprofit. Examples include, but are not limited to: fishing areas, parks, archery ranges, etc.

Recreational Vehicle. A vehicle type unit primarily designed as temporary living quarters for recreational, camping, or travel use only, which either has its own motive power or is mounted on or drawn by another vehicle. The basic entities are: travel trailer, truck camper, and motor home.

1. Travel Trailer/House Vehicle. A nonself-propelled recreational vehicle that does not exceed an overall length of forty feet (40), exclusive of bumper and tongue or coupling. "Travel trailer" includes a tent-type fold-out camping trailer.
2. Truck Camper. A nonself-propelled recreational vehicle that does not have wheels for road use and is designed to be placed upon and attached to a motor vehicle. "Truck camper" does not include truck covers that consist of walls and a roof, but do not have floors and facilities enabling them to be used as a dwelling.
3. Motor Home. A self-propelled recreational vehicle that has no fifth wheel and is constructed with permanently installed facilities for cold storage, cooking, and consuming of food, and for sleeping.

Recreational Vehicle Park. A parcel of land upon which two (2) or more recreational vehicle sites are located, established, or maintained for occupancy by recreational vehicles of the general public as temporary living quarters for recreation or vacation purposes.

Recreational Vehicle Site. A plot of ground within a recreational vehicle park intended for the accommodation of either a recreational vehicle, tent, or other individual camping unit on a temporary basis.

Refuse. Refuse shall mean combustible and noncombustible waste materials.

Right-of-Way. A strip of land taken or dedicated for use as a public way. In addition to the roadway, it normally incorporates the curbs, lawn strips, sidewalks, lighting, and drainage facilities, and may include special features required by the topography or treatment (such as grade separation, landscaped areas, viaducts, and bridges).

Rubbish/Trash. Combustible and noncombustible waste materials; the term shall include the residue from the burning of wood, coal, coke and other combustible materials, paper, rags, cartons, boxes, wood, excelsior, rubber, leather, tree branches, yard trimmings, tin cans, metals, mineral matter, glass, crockery and dust and other similar materials.

Salvage Motor Vehicle. Means any motor vehicle which is in a wrecked, dismantled, or worn out condition, or unfit for operation as a motor vehicle.

Sanitary Landfill. Means a land disposal site employing a method of disposing of solid wastes on land in a manner intended to minimize environmental hazards by spreading the solid wastes in thin layers, compacting the solid wastes to the smallest practical volume, and applying and compacting cover material daily.

Screening. To provide privacy of adjoining uses, including masonry walls, solid preservatively treated wood, chain link with solid slats, or landscaped with grass and closely planted shrubs or other evergreen plants.

Seat. For purposes of determining the number of off-street parking spaces for certain uses, the number of seats is the number of seating units installed or indicated, or each twenty-four (24) lineal inches of benches, pews, or space for loose chairs.

Setback Line. A line established by the Zoning Ordinance generally parallel with and measured from the lot line, defining the limits of a yard in which no building, other than accessory building, or structure may be located above ground, except as may be provided in said code.

Setback Line, Front. Determined from the edge of the road right-of-way.

Semitrailer. A vehicle designed or used for carrying persons or property with another and separate motor vehicle, so that in operation, a part of its own weight or that of its load, or both, rests upon and is carried by another vehicle.

Sewers, Central or Group. An approved sewage disposal system which provides a collection network and disposal system and central sewage treatment facility for a single development, community or region.

Sewers, On-Site. A septic tank or similar installation on an individual lot which utilizes an aerobic bacteriological process or equally satisfactory process for the elimination of sewage and provides for the proper and safe disposal of the effluent, subject to the approval of health and sanitation officials having jurisdiction.

Sidewalk. That portion of the road right-of-way outside the roadway, which is improved for the use of pedestrian traffic.

Sign. Any device designated to inform or attract the attention of persons not on the premises on which the sign is located.

1. Sign, On-Premises. Any sign related to a business or profession conducted, or a commodity or service sold or offered upon the premises where such sign is located.
2. Sign, Off-Premises (Billboards). Any sign unrelated to a business or profession conducted or to a commodity or service sold or offered upon the premises where such sign is located.
3. Sign, Illuminated. Any sign illuminated by electricity, gas, or other artificial light including reflection or phosphorescent light.
4. Sign, Lighting Device. Any light, string of lights, or group of lights located or arranged so as to cast illumination on a sign.
5. Sign, Ground. Means a display sign supported by uprights or braces in or upon the ground surface.
6. Sign, Marquee. Means a display sign attached to or hung from a marquee, canopy or other covered structure projecting from and supported by the building and extending beyond the building wall, building line or street lot line.
7. Sign, Pole. Means any sign which is erected on a pole or poles, which is wholly or partially independent of any building for support.
8. Sign, Portable. A sign which is designed to be easily moveable.
9. Sign, Projecting. Means a display sign which is attached directly to the building wall and which extends more than fifteen inches from the face of the wall.
10. Sign, Roof. Means a display sign which is erected, constructed and maintained above the roof of the building.
11. Sign, Temporary. Means a display sign, banner or other advertising device constructed on cloth, canvas, fabric or other light temporary material, with or without a structural frame, intended for a limited period of display, including decorative displays for holidays or public demonstrations.
12. Sign, Wall. Means a display sign which is painted on or attached directly to the building wall and which extends not more than fifteen inches from the face of the wall.

Solar energy related definitions:

1. Accessory Solar Energy: A solar collection system consisting of one or more roof/building mounted, ground/pole mounted, and/or other structure mounted solar collector devices and solar related equipment, and is intended to primarily reduce on-site consumption of utility power. A system is considered an accessory solar energy system only if it supplies electrical or thermal power solely for on-site use, except that when a property upon which the system is installed also receives electrical power supplied by a utility company, excess electrical power generated and not presently needed for on-site use may be used by the utility company.
2. Principal Solar Energy Production Facility: An area of land or other area used for a solar collection system principally used to capture solar energy and convert it to electrical energy. These production facilities primarily produce electricity to be used off-site.

Principal solar energy production facilities consist of one or more roof/building mounted, ground/pole mounted, and/or other structure mounted solar collector devices, solar related equipment, and other accessory structures and buildings including light reflectors, concentrators, and heat exchangers, substations, electrical infrastructure, transmission lines and other appurtenant structures and facilities. Examples include “Small Solar Facility” and “Community Solar Facility” as defined by statute or herein.

3. Solar Energy Equipment: Items for the purpose of generation, transmission, and storage of electricity, including but not limited to a solar photovoltaic cell, solar panels, lines, pumps, inverter(s), batteries, mounting brackets, racking, framing and/or foundation used for or intended to be used for the collection of solar energy.
4. Solar Photovoltaic (PV): The technology that uses a semiconductor to convert light directly into electricity.
5. Clear Fall Zone (Solar Energy): An area surrounding a ground/pole mounted or other structure mounted solar energy system into which the system and/or components might fall due to inclement weather, poor maintenance, faulty construction methods, or any other condition causing the structure’s failure that shall remain unobstructed and confined within the property lines of the lot where the system is located. The purpose of the zone being that if the system should fall or otherwise become damaged, the falling structure will be confined to the lot and will not intrude onto a neighboring property.
6. Small Solar Facility: Pursuant to ORC 713.081 (A) (2), “Small Solar Facility” means solar panels and associated facilities with a single interconnection to the electrical grid and designed for, or capable of, operation at an aggregate capacity of less than 50 MW.
7. Community Solar: Also known as shared solar, or solar gardens, is an energy model that allows customers to buy or lease part of a larger off-site shared solar photovoltaic (PV) system. For the purposes of this Ordinance, “Community Solar” is considered to be a “Principal Solar Energy Production Facility”.

Solid Wastes. Means such unwanted residual solid or semisolid material as results from industrial, commercial, agricultural, and community operations, excluding earth or material from construction, mining, or demolition operations, and slag and other substances which are not harmful or inimical to public health, and includes, but is not limited to, garbage, combustible and non-combustible material, street dirt, and debris. For purposes of this definition, “material from construction operations” and “material from demolition operations” are those items affixed to the structure being constructed or demolished, such as brick, concrete, stone, glass, wallboard, framing and finishing lumber, roofing materials, plumbing, plumbing fixtures, wiring, and insulation material.

Storage Facility. A building used primarily for the holding of goods and merchandise.

Storage Facility, Personal. A building or group of buildings in a controlled access compound that contains equal or varying sizes of individual compartmentalized, and controlled access stalls or lockers for the storage of residential customers’ goods or wares.

Story. That part of a building between the surface of a floor and the ceiling immediately above.

Structure. Anything, constructed or erected, the use of which requires location on the ground, or attachment to something having a fixed location on the ground. Among other things, structures include buildings, mobile homes, walls, fences, and billboards.

Structure, Accessory. A subordinate structure detached from, but located on the same lot as the principal structure, the use of which is incidental and accessory to that of the main structure or use.

Structure, Principal. A structure in which is conducted the main or principal use of the lot on which said structure is located.

Subdivision:

1. The division of any parcel of land shown as a unit or as contiguous units on the last preceding tax roll, into two or more parcels, sites, or lots, any one of which is less than five acres for the purpose, whether immediate or future, of transfer of ownership, provided, however, that the division or partition of land into parcels of more than five acres not involving any new streets or easements of access, and the sale or exchange of parcels between adjoining lot owners where such sale or exchange does not create additional building sites, shall be exempted; or
2. The improvement of one or more parcels of land for residential, commercial, or industrial structures or groups of structures involving the division or allocation of land for the opening, widening or extension of any street or streets, except private streets serving industrial structures; the division or allocation of land as open spaces for common use by owners, occupants, or lease holders, or as easements for the extension and maintenance of public sewer, water, storm drainage, or other public facilities.

Supply Yards. A commercial establishment storing and offering for sale building supplies, steel supplies, coal, heavy equipment, feed and grain, and similar goods.

Swimming Pool. Any structure intended for swimming or recreational bathing that contains water over twenty-four (24) inches deep. This includes above-ground/on-ground pools, hot tubs, in-ground pools, residential pools, spa (portable and nonportable), and portable swimming pools.

1. Private. Exclusively used without paying an additional charge for admission by the residents and guests of a single household, a multi-family development, or a community, the members and guests of a club, or the patrons of a lodging facility; an accessory use.
2. Community. Operated with a charge for admission; a primary use.

Swimming Pool, Barrier. A fence, wall, building wall (including the wall of an above-ground swimming pool), or a combination thereof which completely surrounds the swimming pool and obstructs access to the swimming pool.

Telecommunication Tower. Any structure with radio frequency transmission or reception equipment attached that is free standing or is to be connected to a building or other structure. A telecommunication tower shall meet all of the following conditions:

1. It is constructed on or after October 31, 1996;

2. It is owned or principally used by a public utility engaged in the provision of telecommunication services;
3. It is a free standing structure or is attached to another building or structure and is higher than the maximum allowable height permitted in the zoning district in which it is located.

Thoroughfare, Street or Road. The full width between property lines bounding every public way or whatever nature with a part thereof to be used for vehicular traffic and designated as follows:

1. Alley. A minor street used primarily for vehicular service access to the back or side of properties abutting on another street.
2. Arterial Street. A general term denoting a highway primarily for through traffic, carrying heavy loads and large volume of traffic, usually on a continuous route.
3. Collector Street. A thoroughfare, whether within a residential, industrial, commercial, or other type of development, which primarily carries traffic from local streets to arterial streets, including the principal entrance and circulation routes within residential subdivisions.
4. Cul-de-Sac. A local street of relatively short length with one (1) end open to traffic and the other end terminating in a vehicular turnaround.
5. Dead-end Street. A street temporarily having only one (1) outlet for vehicular traffic and intended to be extended or continued in the future.
6. Local Street. A street primarily for providing access to residential or other abutting property.
7. Loop Street. A type of local street, each end of which terminates at an intersection with the same arterial or collector street, and whose principal radius points of the one-hundred-eighty (180) degree system of turns are not more than one-thousand (1,000) feet from said arterial or collector street, nor normally more than six-hundred (600) feet from each other.
8. Marginal Access Street. A local or collector street, parallel and adjacent to an arterial or collector street, providing access to abutting properties and protection from arterial or collector streets. (Also called Frontage Street.)

Townhouse. A dwelling unit occupying all or part of a floor or floors in a building of one or more floors or stories but not the entire building, except in those condominium projects in which one of several buildings may contain only one townhouse.

Toxic or Hazardous Material. Means any substance or mixture by physical characteristic such as flammability, corrosivity, toxicity, reactivity, or infectious characteristics as to pose, a significant or potential hazard to water supplies or human health if such substances were discharged to land or waters of the community or surrounding township.

Transient Lodgings. A building in which lodging or boarding and lodging are provided and offered to the public for compensation. As such, it is open to the public in contradistinction to a boarding house, rooming house, lodging house, or dormitory which is herein separately defined. Examples include: hotel, motel, apartment hotel, bed-and-breakfast, and short term rental (such as AirBnB and VRBO).

Transport Terminals. Any business, structure or premise which primarily receives or distributes goods.

Use. The specific purposes for which land or a building is designated, arranged, intended, or for which it is or may be occupied or maintained.

Use, Accessory. A use or structure on the same lot with, and of a nature customarily incidental and subordinate to, the principal use or structure.

Use, Permitted. A use which is specifically authorized by these Zoning Regulations in a particular zoning district.

Use, Temporary. A use that is authorized by this code to be conducted for a fixed period of time. Temporary uses are characterized by such activities as the sale of agricultural products, contractors' offices and equipment sheds, fireworks, carnivals, flea markets, and garage sales.

Variance. A variance is a modification of the strict terms of the relevant regulations where such modification will not be contrary to the public interest and where owing to conditions peculiar to the property and not the result of the action of the applicant, a literal enforcement of the regulations would result in unnecessary and undue hardship.

Veterinary Animal Hospital or Clinic. A place used for the care, grooming, diagnosis, and treatment of sick, ailing, infirm, or injured animals, and those who are in need of medical or surgical attention, and may include overnight accommodations on the premises for the treatment, observation and/or recuperation. It may also include boarding that is incidental to the primary activity.

Vicinity Map: A drawing located on the plat which sets forth by dimensions or other means, the relationship of the proposed subdivision or use to other nearby developments or landmarks and community facilities and services within the general area in order to better location and orient the area in question.

Walkway: A public way, four (4) feet or more in width, for pedestrian use only, whether along the side of a road or not.

Wholesale and Warehousing. Business establishments that generally store and sell commodities in large quantities or by the piece to retailers, jobbers, other wholesale establishments, or manufacturing establishments.

Wind Projects less than 5MW:

- a) Accessory Structures. Structures such as sheds, storage sheds, pool houses, unattached garages, and barns.
- b) Anemometer. An instrument that measures the force and direction of the wind.
- e) Clear Fall Zone. An area surrounding the wind turbine unit into which the turbine and -or turbine components might fall due to inclement weather, poor maintenance, faulty construction methods, or any other condition causing turbine failure that shall remain

unobstructed and confined within the property lines of the primary parcel where the turbine is located. The purpose of the zone being that if the turbine should fall or otherwise become damaged, the falling structure will be confined to the primary parcel.

- d) Cowling. A streamlined removable cover that encloses the turbine's nacelle.
- e) Decibel. A unit of relative loudness equal to ten times the common logarithm of the ratio of two readings. For sound, the decibel scale runs from zero for the least perceptible sound to 130 for sound that causes pain.
- f) Nacelle. Sits atop the tower and contains the essential mechanical components of the turbine to which the rotor is attached.
- g) Primary Structure. For each property, the structure that one or more persons occupy the majority of time on that property for either business or personal reasons. Primary structures include structures such as residences, commercial buildings, hospitals, and day care facilities. Primary structures exclude structures such as hunting sheds, storage sheds, pool houses, unattached garages, and barns.
- h) Professional Engineer. A qualified individual who is licensed as a Professional Engineer in the State of Ohio.
- i) Megawatt (MW). A unit of power, equal to one million watts.
- j) Small Wind Project. Any wind project less than 5MW which includes the wind turbine generator and anemometer.
- k) Wind Power Turbine Owner. The person or persons who owns the Wind Turbine structure.
- l) Wind Power Turbine Tower. The support structure to which the turbine and rotor are attached.
- m) Wind Power Turbine Tower Height. The distance from the rotor blade at its highest point to the top surface of the ground at the Wind Power Generating Facility (WPGF) foundation.

Yard. A required open space other than a court unoccupied and unobstructed by any structure or portion of a structure from three (3) feet above the general ground level of the graded lot upward; provided, accessories, ornaments, and furniture may be permitted in any yard, subject to height limitations and requirements limiting obstruction of visibility.

- 1. Yard, Front. A yard extending between side lot lines across the front of a lot and from the front lot line to the front of the principal building.
- 2. Yard, Rear. A yard extending between side lot lines across the rear of a lot and from the rear lot line to the rear of the principal building.
- 3. Yard, Side. A yard extending from the principal building to the side lot line on both sides of the principal building between the lines establishing the front and rear yards.

Zoning Certificate. A document issued by the Zoning Inspector authorizing the occupancy or use of a building or structure or the actual use of lots or land in accordance with the previously issued Zoning Permit.

Zoning Permit. A document issued by the Zoning Inspector authorizing the use of lots, structures, uses of land and structures, and the characteristics of the uses.

ARTICLE III ENFORCEMENT

Section 300 Zoning Permits Required. No building, or other structure, shall be erected, moved, added to, structurally altered, nor shall any building, structure or land be established or changed in use without a permit therefor, issued by the Zoning Inspector. Zoning permits shall be issued only in conformity with the provisions of this Ordinance unless the Zoning Inspector receives a written order from the Board of Zoning Appeals deciding an appeal, conditional use, or variance.

Section 301 Contents of Application for Zoning Permit. The application for zoning permit shall be signed by the owner or applicant attesting to the truth and exactness of all information supplied on the application. Each application shall clearly state that the permit shall expire and may be revoked if work has not begun within one (1) year or substantially completed within two and one-half (2 ½) years. At a minimum, the application shall contain the following information:

1. Name, address, and phone number of applicant;
2. Legal description of property;
3. Existing use;
4. Proposed use;
5. Zoning district;
6. Plans in duplicate drawn to scale, showing the actual dimensions and the shape of the lot to be built upon; the exact size and location of existing buildings on the lot, if any; and the location and dimensions of the proposed building(s) or alteration;
7. Building heights;
8. Number of off-street parking spaces or loading berths;
9. Number of dwelling units;
10. Such other matters as may be necessary to determine conformance with, and provide for the enforcement of this Ordinance.

Section 302 Approval of Zoning Permit. Within thirty (30) days after the receipt of an application, the Zoning Inspector shall either approve or disapprove the application in conformance with the provisions of this Ordinance. All zoning permits shall, however, be conditional upon the commencement of work within one (1) year. One (1) copy of the plans shall be returned to the applicant by the Zoning Inspector, after the Zoning Inspector shall have marked such copy either as approved or disapproved and attested to same by his signature on such copy.

One (1) copy of plans, similarly marked, shall be retained by the Zoning Inspector. The Zoning Inspector shall issue a placard, to be posted in a conspicuous place on the property in question, attesting to the fact that the use or alteration is in conformance with the provisions of this Ordinance.

Section 303 Submission to Director of Transportation. Before any zoning permit is issued affecting any land within three-hundred (300) feet of the centerline of a proposed new highway or a highway for which changes are proposed as described in the certification to local officials by the Director of Transportation or any land within a radius of five-hundred (500) feet from the point of intersection of said centerline with any public road or highway, the Zoning Inspector shall give notice by registered mail to the Director of Transportation that he shall not issue a zoning permit for one-hundred twenty (120) days from the date the notice is received by the Director of Transportation. If the Director of Transportation notifies the Zoning Inspector that he shall proceed to acquire the land needed, then the Zoning Inspector shall refuse to issue the zoning permit. If the Director of Transportation notifies the Zoning Inspector that acquisition at this time is not in the public interest or upon the expiration of the one-hundred twenty (120), day period or any extension thereof agreed upon by the Director of Transportation and the property owner, the Zoning

Inspector shall, if the application is in conformance with all provisions of this Ordinance, issue the zoning permit.

Section 304 Expiration of Zoning Permit. If the work described in any zoning permit has not begun within one (1) year from the date of issuance thereof, said permit shall expire; it shall be revoked by the Zoning Inspector; and written notice thereof shall be given to the persons affected. If the work described in any zoning permit has not been substantially completed within two and one-half (2½) years of the date of issuance thereof, said permit shall expire and be revoked by the Zoning Inspector, and written notice thereof shall be given to the persons affected, together with notice that further work as described in the cancelled permit shall not proceed unless and until a new zoning permit has been obtained or extension granted

Section 310 Certificate of Occupancy. It shall be unlawful to use or occupy or permit the use or occupancy of any building or premises, or both, or part thereof hereafter created, erected, changed, converted, or wholly or partly altered or enlarged in its use or structure until a certificate of occupancy shall have been issued therefore by the Zoning Inspector stating that the proposed use of the building or land conforms to the requirements of this Ordinance.

Section 311 Temporary Certificate of Occupancy. A temporary certificate of occupancy may be issued by the Zoning Inspector for a period not exceeding six (6) months during alterations or partial occupancy of a building pending its completion.

Section 312 Record of Zoning Permits and Certificates of Occupancy. The Zoning Inspector shall maintain a record of all zoning permits and certificates of occupancy and copies shall be furnished upon request to any person.

Section 320 Failure to Obtain a Zoning Permit or Certificate of Occupancy. Failure to obtain a zoning permit or certificate of occupancy shall be a violation of this Ordinance and punishable under Section 350 of this Ordinance.

Section 330 Construction and Use to be as Provided in Applications, Plans, Permits, and Certificates. Zoning permits or certificates of occupancy issued on the basis of plans and applications approved by the Zoning Inspector authorize only the use and arrangement, set forth in such approved plans and applications or amendments thereto, and no other use, arrangement, or construction. Use, arrangement, or construction contrary to that authorized shall be deemed a violation of this Ordinance and punishable as provided in Section 350 of this Ordinance.

Section 340 Complaints Regarding Violations. Whenever a violation of this Ordinance occurs, or is alleged to have occurred, any person may file a written complaint. Such complaint stating fully the causes and basis thereof shall be filed with the Zoning Inspector. The Zoning Inspector shall record properly such complaint, immediately investigate and take action thereon as provided by this Ordinance.

Section 350 Penalties for Violation. Violation of the provisions of this Ordinance or failure to comply with any of its requirements, including violations of conditions and safeguards established in various sections of this Ordinance shall constitute a minor misdemeanor. Any person who violates this Ordinance or fails to comply with any of its requirements shall upon conviction thereof be fined not more than one-hundred (100) dollars and in addition shall pay all costs and expenses involved in the case. Such sum may be recovered in a court of jurisdiction in the village or county by the legal representative of the village, in the name of the village and for the use thereof. Each day such violation continues after receipt of a violation notice, shall be considered a separate offense. The owner or tenant of any building, structure, premises, or part thereof, and any architect, builder, contractor, agent, or other person who

commits, participates in, assists in, or maintains such violation may each be found guilty of a separate offense and suffer the penalties herein provided. Nothing herein contained shall prevent the Village from taking such other lawful action as is necessary to prevent or remedy any violation.

Section 360 Schedule of Fees, Charges, and Expenses. The Village Council shall by ordinance establish a schedule of fees, charges, and expenses and a collection procedure for zoning permits, amendments, appeals, variances, conditional use permits, plan approvals, and other matters pertaining to the administration and enforcement of this Ordinance requiring investigations, inspections, legal advertising, postage, and other expenses. The schedule of fees shall be posted in the office of the Zoning Inspector, and may be altered or amended only by the Village Council. Until all applicable fees, charges, and expenses have been paid in full, no action shall be taken on any application or appeal.

ARTICLE IV NON-CONFORMITIES

Section 400 Intent. Within the districts established by this Ordinance or amendment that may later be adopted there exists lots, uses of land, structures, and uses of structures and land in combination which were lawful before this Ordinance was passed or amended, but which would be prohibited, regulated, or restricted under the terms of this Ordinance or future amendments. It is the intent of this Ordinance to permit these non-conformities to continue until they are removed or discontinued. It is further the intent of this Ordinance that non-conformities shall not be enlarged upon, expanded or extended, nor be used as grounds for adding other structures or uses prohibited elsewhere in the same district.

Section 410 Incompatibility of Non-Conformities. Non-conformities are declared by this Ordinance to be incompatible with permitted uses in the districts in which such use is located. A non-conforming use of land, or a non-conforming use of a structure and land in combination shall not be extended or enlarged after passage of this Ordinance by attachment on a building or premises of additional signs intended to be seen from off the premises, or by the addition of other uses of a nature which would be generally prohibited in the district in which such use is located.

Section 420 Avoidance of Undue Hardship. To avoid undue hardship, nothing in this Ordinance shall be deemed to require a change in the plans, construction, or designated use of any building on which actual construction, was lawfully begun prior to the effective date of adoption or amendment of this Ordinance and upon which actual building construction has been carried on diligently. Actual construction is hereby defined to include the placing of construction materials in permanent position and fastened in a permanent manner. Where demolition or removal of an existing building has been substantially begun preparatory to rebuilding, such demolition or removal shall be deemed to be actual construction, provided that the work shall be carried out diligently.

Section 430 Single Non-Conforming Lots of Record. In any district in which single-family dwellings are permitted, a single-family dwelling and customary accessory buildings may be erected on any single lot of record at effective date of adoption or amendment of this Ordinance notwithstanding limitations imposed by other provisions of this Ordinance. Such lot must be in separate ownership and not of continuous frontage with other lots in the same ownership. This provision shall apply even though such lot fails to meet the requirements for area or width, or both, that are generally applicable in the district, provided that yard dimensions and requirements other than those applying to area or width, or both, of the lot shall conform to the regulations for the district in which such lot is located. Variances of requirements listed in Article 9 and 10 of this Ordinance other than lot area or lot width shall be obtained only through action of the Board of Zoning Appeals as provided in Section 540 through 549.

Section 431 Non-Conforming Lots of Record in Combination. If two (2) or more lots or a combination of lots and portions of lots with continuous frontage in single ownership are of record at the time of passage or amendment of this Ordinance and if all or part of the lots with no buildings do not meet the requirements established for lot width and area, the lands involved shall be considered to be an undivided parcel for the purposes of this Ordinance and no portion of said parcel shall be used or sold in a manner which diminishes compliance with lot width and area requirements established by this Ordinance, nor shall any division of any parcel be made which creates a lot with a width or area below the requirements stated in this Ordinance.

Section 440 Non-Conforming Uses of Land. Where, at the time of adoption of this Ordinance, lawful uses of land exist which would not be permitted by the regulations imposed by this Ordinance, the uses may be continued so long as they remain otherwise lawful, provided:

1. No such non-conforming uses shall be enlarged or increased nor extended to occupy a greater area of land than was occupied at the effective date of adoption or amendment of this Ordinance.
2. No such non-conforming uses shall be moved in whole or in part to any portion of the lot or parcel other than that occupied by such uses at the effective date of adoption or amendment of this Ordinance.
3. If any such non-conforming uses of land are discontinued or abandoned for more than two (2) years (except when government action impedes access to the premises), any subsequent use of such land shall conform to the regulations specified by this Ordinance for the district in which such land is located.
4. No additional structure not conforming to the requirements of this Ordinance shall be erected in connection with such non-conforming use of land.

Section 450 Non-Conforming Structures. Where a lawful structure exists at the effective date of adoption or amendment of this Ordinance that could not be built under the terms of this Ordinance by reason of restrictions on area, lot coverage, height, yards, its location on the lot, bulk, or other requirements concerning the structure, the structure may be continued so long as it remains otherwise lawful, subject to the following provisions:

1. No such non-conforming structure may be enlarged or altered in a way which increases its non-conformity, but any structure or portion thereof may be altered to decrease its non-conformity;
2. Should such non-conforming structure or non-conforming portion of structure be destroyed by fire or an Act of God, it may, only after approval by the Board of Zoning Appeals, be reconstructed as it previously existed. All remaining debris shall be cleared away and disposed of properly within six (6) months of the time of destruction;
3. Should such a structure be moved for any reason for any distance whatever, it shall thereafter conform to the regulations for the district in which it is located after it is moved.

Section 460 Non-Conforming Uses of Structures or of Structures and Land in Combination.

If a lawful use involving individual structures, or of a structure and land in combination, exists at the effective date of adoption or amendment of this Ordinance that would not be allowed in the district under the terms of this Ordinance, the lawful use may be continued so long as it remains otherwise lawful, subject to the following provisions:

1. No existing structure devoted to a use not permitted by this Ordinance in the district in which it is located shall be enlarged, extended, constructed, reconstructed, moved, or structurally altered except in changing the use of the structure to a use permitted in the district in which it is located;
2. Any non-conforming use may be extended throughout any parts of a building which were manifestly arranged or designed for such use at the time of adoption or amendment of this Ordinance, but no such use shall be extended to occupy any land outside such building;
3. If no structural alterations are made, any non-conforming use of a structure or structure and land, may, upon appeal to the Board of Zoning Appeals, be changed to another non-conforming use provided that the Board of Zoning Appeals shall find that the proposed use is equally appropriate or more appropriate to the district than the existing non-conforming use. In permitting such change, the Board of Zoning Appeals may require appropriate conditions and safeguards in accord with other provisions of this Ordinance.
4. Any structure, or structure and land in combination, in or on which a non-conforming use is superseded by a permitted use, shall thereafter conform to the regulations for the district, and the non-conforming use may not thereafter be resumed;
5. When a non-conforming use of a structure, or structure and land in combination is discontinued or abandoned for more than two (2) years (except when a government action impedes access to the premises), the structure or structure and land in combination, shall not thereafter be used except in conformity with the regulations of the district in which it is located;

6. Where non-conforming use status applies to a structure and land in combination, removal or destruction of the structure shall eliminate the non-conforming status of the land.

Section 470 Repairs and Maintenance. On any non-conforming structure or portion of a structure containing a non-conforming use, work may be done on ordinary repairs, or on repair or replacement of non-bearing walls, fixtures, wiring, or plumbing, provided that the cubic content existing when it became non-conforming shall not be increased. Nothing in this section shall be deemed to prevent the strengthening or restoring to a safe condition of any building or part thereof declared to be unsafe by any official charged with protecting the public safety, upon order of such official.

Section 480 Uses Under Conditional Use Provisions Not Non-Conforming Uses. Any use which is permitted as a conditional use in a district under the terms of this Ordinance shall not be deemed a nonconforming use in such district, but shall without further action be considered a conforming use.

ARTICLE V ADMINISTRATION

Section 500 Office of Zoning Inspector Created. A Zoning Inspector designated by the Mayor and confirmed by Village Council shall administer and enforce this Ordinance. The Zoning Inspector may be provided with the assistance of such other persons as the Mayor and Council may direct.

Section 501 Duties of Zoning Inspector. For the purpose of this Ordinance, the Zoning Inspector shall have the following duties:

1. Upon finding that any of the provisions of this Ordinance are being violated, the Zoning Inspector shall notify in writing the person responsible for such violation(s) ordering the action necessary to correct such violation;
2. Order discontinuance of illegal uses of land, buildings, or structures;
3. Order removal of illegal buildings or structures or illegal additions or structural alterations;
4. Order discontinuance of any illegal work being done;
5. Take any other action authorized by this Ordinance to ensure compliance with or to prevent violation(s) of this Ordinance. This may include the issuance of and action on zoning and certificate of occupancy permits and such similar administrative duties as are permissible under the law.

Section 510 Proceedings of Planning Commission. The Commission shall adopt rules necessary to the conduct of its affairs in keeping with the provisions of this Ordinance. Meetings shall be held at the call of the chair and at such other times as the Commission may determine. All meetings shall be open to the public. The Commission shall keep minutes of its proceedings showing the vote of each member upon each question, or if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions all of which shall be a public record and be immediately filed in the office of the Commission.

Section 511 Duties of Planning (Zoning) Commission. For the purpose of this Ordinance the Planning Commission shall have the following duties:

1. Initiate proposed amendments to this Ordinance.
2. Review all proposed amendments to this Ordinance and make recommendations to the Village Council.

Section 520 Board of Zoning Appeals Created. A Board of Zoning Appeals is hereby created, which shall consist of five (5) members, to be appointed by the Mayor and confirmed by Village Council, each for a term of five (5) years, except that the initial appointments shall be one (1) member each for one (1), two (2), three (3), four (4) and five (5) year terms. Each member shall be a resident of the Village. Members of the Board may be removed from office by the Village Council for cause upon written charges and after public hearing. Vacancies shall be filled by appointment by the Mayor and confirmed by Village Council for the unexpired term of the member affected.

Section 521 Proceedings of the Board of Zoning Appeals. The Board shall adopt rules necessary to the conduct of its affairs in keeping with the provisions of this Ordinance. Meetings shall be held at the call of the chairman and at such other times as the Board may determine. The chairman, or in his absence the acting chairman, may administer oaths and compel the attendance of witnesses. All meetings shall be open to the public. The Board shall keep minutes of its proceedings, showing the vote of each member upon each question, or if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions, all of which shall be a public record and be immediately filed in the office of the Board.

Section 522 Duties of the Board of Zoning Appeals. In exercising its duties, the Board may, as long as such action is in conformity with the terms of this Ordinance, reverse or affirm, wholly or partly, or modify the order, requirement, decision, or determination appealed from and may make such order, requirement, decision, or determination as ought to be made, and to that end shall have the powers of the Zoning Inspector from whom the appeal is taken. A concurring vote of three (3) members of the Board shall be necessary to reverse any order, requirement, decision, or determination of the Zoning Inspector, or to decide in favor of the applicant on any matter upon which it is required to pass under this Ordinance or to effect any variation in the application of this Ordinance. For the purpose of this Ordinance, the Board has the following specific responsibilities:

1. To hear and decide appeals where it is alleged there is an error in any order, requirement, decision, interpretation, or determination made by the Zoning Inspector;
2. To authorize such variance from the terms of this Ordinance as will not be contrary to the public interest, where, owing to special conditions, a literal enforcement of this Ordinance will result in unnecessary hardship, and so that the spirit of this Ordinance shall be observed and substantial justice done;
3. To grant conditional use permits as specified in the Official Schedule of District Regulations and under the conditions specified in Article 9 and such additional safeguards as will uphold the intent of this Ordinance.

Section 530 Duties of Zoning Inspector, Board of Zoning Appeals, Legislative Authority and Courts on Matters of Appeal. It is the intent of this Ordinance that all questions of interpretation and enforcement shall be first presented to the Zoning Inspector, and that such questions shall be presented to the Board only on appeal from the decision of the Zoning Inspector, and that recourse from the decisions of the Board shall be to the courts as provided by law. It is further the intent of this Ordinance that the duties of the Village Council in connection with this Ordinance shall not include hearing and deciding questions of interpretation and enforcement that may arise. The procedure for deciding such questions shall be as stated in this section and this Ordinance. Under this Ordinance the Village Council shall have only the duties of considering and adopting or rejecting proposed amendments or the repeal of this Ordinance as provided by law; and establishing a schedule of fees and charges as stated in Section 360 of this Ordinance. Nothing in this Ordinance shall be interpreted to prevent any official of the Village from appealing a decision of the Board to the courts as provided in the Ohio Revised Code.

Section 540 Procedure and Requirements for Appeals and Variances. Appeals and variances shall conform to the procedures and requirements of Sections 541-549, inclusive, of this Ordinance. As specified in Section 522, the Board of Zoning Appeals has appellate jurisdiction relative to appeals and variances.

Section 541 Appeals. Appeals to the Board of Zoning Appeals concerning interpretation or administration of this Ordinance may be taken by any person aggrieved or by any officer or bureau of the legislative authority of the Village affected by any decision of the Zoning Inspector. Such appeal shall be taken within thirty (30) days after the decision by filing, with the Zoning Inspector and with the Board of Zoning Appeals, a notice of appeal specifying the grounds upon which the appeal is being taken. The Zoning Inspector shall transmit to the Board of Zoning Appeals all the papers constituting the record upon which the action appealed from was taken.

Section 542 Stay of Proceedings. An appeal stays all proceedings in furtherance of the action appealed from, unless the Zoning Inspector from whom the appeal is taken certifies to the Board of Zoning Appeals after the notice of appeal is filed with him that by reason of facts stated in the application, a stay would in his opinion, cause imminent peril to life and property. In such case, proceedings shall not be stayed other than by a restraining order which may be granted by the Board of Zoning Appeals or by a court of record on application, on notice to the Zoning Inspector from whom the appeal is taken on due cause shown.

Section 543 Variances. The Board of Zoning Appeals may authorize upon appeal in specific cases such variance from the terms of this Ordinance as will not be contrary to the public interest where, owing to special conditions, a literal enforcement of the provisions of this Ordinance would result in unnecessary hardship. No non-conforming use of neighboring lands, structures or buildings in the same district and no permitted or non-conforming use of lands, structures, or buildings in other districts shall be considered grounds for issuance of a variance. Variances shall not be granted on the grounds of convenience or profit, but only where strict application of the provisions of this Ordinance would result in unnecessary hardship.

Section 544 Application and Standards for Variances. A variance from the terms of this Ordinance shall not be granted by the Board of Zoning Appeals unless and until a written application for a variance is submitted to the Zoning Inspector and the Board of Zoning Appeals containing:

1. Name, address and phone number of applicant;
2. Legal description of property;
3. Description or nature of variance requested;
4. A narrative statement demonstrating that the requested variance conforms to the following standards:
 - a. That special conditions and circumstances exist which are peculiar to the land, structure or building involved and which are not applicable to other lands, structures, or buildings in the same district;
 - b. That a literal interpretation of the provisions of this Ordinance would deprive the applicant of rights commonly enjoyed by other properties in the same district under the terms of this Ordinance;
 - c. That special conditions and circumstances do not result from the actions of the applicant;
 - d. That granting the variance requested will not confer on the applicant any special privilege that is denied by this Ordinance to other lands, structures or buildings in the same district.

A variance shall not be granted unless the Board makes specific findings of fact based directly on the particular evidence presented to it, which support conclusions that the standards and conditions imposed by subsection 4 of this section have been met by the applicant.

Section 545 Supplementary Conditions and Safeguards. In granting any appeal or variance, the Board of Zoning Appeals may prescribe appropriate conditions and safeguards in conformity with this Ordinance. Violation of such conditions and safeguards, when made a part of the terms under which the appeal or variance is granted, shall be deemed a violation of this Ordinance and punishable under Section 350 of this Ordinance.

Section 546 Public Hearing by the Board of Zoning Appeals. The Board of Zoning Appeals shall hold a public hearing within thirty (30) days after the receipt of an application for an appeal or variance from the Zoning Inspector or an applicant.

Section 547 Notice of Public Hearing in Newspaper. Before holding the public hearing required in Section 546, notice of such hearing shall be given in one newspaper of general circulation in the Village at least ten (10) days before the date of said hearing. The notice shall set forth the time and place of the public hearing, and the nature of the proposed appeal or variance.

Section 548 Notice to Parties in Interest. Before holding the public hearing required in Section 546, written notice of such hearing shall be mailed by the Chairman of the Board of Zoning Appeals, by first class mail, at least ten (10) days before the day of the hearing to all parties in interest. The notice shall

contain the same information as required of notices published in newspapers as specified in Section 547. The notice shall be sent to the applicant and to owners contiguous to, and directly across the street from the parcel(s) in question.

Section 549 Action by Board of Zoning Appeals. Within thirty (30) days after the public hearing required in Section 546, the Board of Zoning Appeals shall either approve, approve with supplementary conditions as specified in Section 545, or disapprove the request for appeal or variance. The Board of Zoning Appeals shall further make a finding that the reasons set forth in the application justify the granting of the variance that will make possible a reasonable use of the land, building, or structure. Appeals from Board decisions shall be made in the manner specified in Section 530.

Section 560 Procedure and Requirements For Approval of Conditional Use Permits. Conditional uses shall conform to the procedures and requirements of Section 561-568, inclusive of this Ordinance.

Section 561 General. It is recognized that an increasing number of new kinds of uses are appearing daily and that many of these and some other more conventional uses possess characteristics of such unique and special nature relative to location, design, size, method of operation, circulation and public facilities that each specific use must be considered individually. These specific uses as they are conditionally permitted under the provisions of Article 9, shall follow the procedures and requirements set forth in Sections 562-568, inclusive.

Section 562 Contents of Application for Conditional Use Permit. An application for conditional use permit shall be filed with the Chairman of the Board of Zoning Appeals by at least one owner or lessee of property for which such conditional use is proposed. At a minimum, the application shall contain the following information:

1. Name, address and phone number of applicant;
2. Legal description of property;
3. Description of existing use;
4. Zoning district;
5. Description of proposed conditional use;
6. A plan of the proposed site for the conditional use showing the location of all buildings, parking and loading area, traffic access and traffic circulation, open spaces, landscaping, signs and yards, and such other information as the Board may require to determine if the proposed conditional use meets the intent and requirements of this Ordinance.
7. A narrative statement evaluating the effects on adjoining property; the effect of such elements as noise, odor and fumes and on adjoining property; a discussion of the general compatibility with adjacent and other properties in the district; and the relationship of the proposed use to the Comprehensive Plan.

Section 563 General Standards Applicable to all Conditional Uses. The Board shall review the particular facts and circumstances of each proposed use in terms of the following standards and shall find adequate evidence showing that such use at the proposed location:

1. Is in fact a conditional use as established under the provisions of Article 9 and appears on the Official Schedule of District Regulations adopted by Section 910 for the zoning district involved;
2. Will be harmonious with and in accordance with the general objectives, or with any specific objective of the Village's zoning Ordinance;
3. Will be designed, constructed, operated and maintained so as to be harmonious and appropriate in appearance with the existing or intended character of the general vicinity and that such use will not change the essential character of the same area;
4. Will not be hazardous or disturbing to existing or future neighboring uses;

5. Will be served adequately by essential public facilities and services such as highways, streets, police and fire protection, drainage structures, refuse disposal, water and sewer, and schools; or that the persons or agencies responsible for the establishment of the proposed use shall be able to provide adequately any such services;
6. Will not create excessive additional requirements at public cost for public facilities and services and will not be detrimental to the economic welfare of the community;
7. Will not involve uses, activities, processes, materials, equipment and conditions of operation that will be detrimental to any persons, property or the general welfare by reason of excessive production of traffic, noise, smoke, fumes or odors;
8. Will have vehicular approaches to the property which shall be so designed as not to create an interference with traffic on surrounding public thoroughfares.

Section 565 Supplementary Conditions and Safeguards. In granting any conditional use, the Board may prescribe appropriate conditions and safeguards in conformity with this Ordinance. Violations of such conditions and safeguards, when made a part of the terms under which the conditional use is granted, shall be deemed a violation of this Ordinance and punishable under Section 350 of this Ordinance.

Section 566 Procedure for Hearing, Notice. Upon receipt of the application for a conditional use permit specified in Section 562, the Board shall hold a public hearing, publish notice in a newspaper, and give written notice to all parties in interest according to the procedures specified in Section 546 through 548.

Section 567 Action by the Board of Zoning Appeals. Within thirty (30) days after the public hearing required in Section 566, the Board shall either approve, approve with supplementary conditions as specified in Section 565, or disapprove the application as presented. If the application is approved or approved with modifications, the Board shall direct the Zoning Inspector to issue a conditional use permit listing the specific conditions specified by the Board for approval. If the application is disapproved by the Board the applicant may seek relief through the Court of Common Pleas. Appeals from Board decisions shall be made in the manner specified in Section 530.

Section 568 Expiration of Conditional Use Permit. A conditional use permit shall be deemed to authorize only one particular conditional use and said permit shall automatically expire if, for any reason, the conditional use shall cease for more than two (2) years. Change of ownership shall have no effect on the validity of the conditional use.

ARTICLE VI AMENDMENT

Section 600 Procedure for Amendment or District Changes. This Ordinance may be amended utilizing the procedures specified in Section 601-611, inclusive, of this Ordinance.

Section 601 General. Whenever the public necessity, convenience, general welfare, or good zoning practices require, Village Council may by ordinance after receipt of recommendation thereon from the Village Planning Commission, and subject to procedures provided by law, amend, supplement, change or repeal the regulations, restrictions and boundaries or classification of property.

Section 602 Initiation of Zoning Amendments. Amendments to this Ordinance may be initiated in one of the following ways:

1. By adoption of a motion by the Village Planning Commission;
2. By adoption of a resolution by Village Council;
3. By the filing of an application by at least one (1) owner or lessee of property within the area proposed to be changed or affected by said amendment.

Section 603 Contents of Application. Applications for amendments to the Official Zoning map adopted as part of this Ordinance by Section 700 shall contain at least the following information:

1. Name, address, and phone number of applicant;
2. Present use;
3. Present zoning district;
4. Proposed use;
5. Proposed zoning district;
6. A vicinity map at a scale approved by the Zoning Inspector showing property lines, thoroughfares, existing and proposed zoning and such other items as the Zoning Inspector may require;
7. A list of all property owners and their mailing addresses who are within, contiguous to, and directly across the street from the parcel(s) proposed to be rezoned and others that may have a substantial interest in the case, except that addresses need not be included where more than ten (10) parcels are to be rezoned;
8. A fee as established by the Village Council, according to Section 360.

Section 604 Transmittal to Zoning Commission. Immediately after the adoption of a resolution by the Village Council or the filing of an application by at least one (1) owner or lessee of property, said resolution or application shall be transmitted to the Village Planning Commission.

Section 605 Submission to Director of Transportation. Before any zoning amendment is approved affecting any land within three hundred (300) feet of the centerline of a proposed new highway or highway for which changes are proposed as described in the certification to local officials by the Director of Transportation, or within a radius of five hundred (500) feet from the point of intersection of said centerline with any public road or highway, the Commission shall give notice, by registered or certified mail to the Director of Transportation. The Commission may proceed as required by law; however, the Village Council shall not approve the amendment for one hundred twenty (120) days from the date the notice is received by the Director of Transportation. If the Director of Transportation notifies the Village that he shall proceed to acquire the land needed, then the Village shall refuse to approve the rezoning. If the Director of Transportation notifies the Village that acquisition at this time is not in the public interest or upon the expiration of the one-hundred twenty (120) day period or any extension thereof agreed upon by the Director of Transportation and the property owner, the Village Council shall proceed as required by law.

Section 606 Recommendation by Village Planning Commission. Within sixty (60) days from the receipt of the proposed amendment, the Planning Commission shall transmit its recommendation to the Village Council. The Planning Commission may recommend that the amendment be granted as requested, or it may recommend a modification of the amendment requested, or it may recommend that the amendment be denied.

Section 607 Public Hearing by Village Council. Upon receipt of the recommendation from the Village Planning Commission, the Village Council shall schedule a public hearing. Said hearing shall be not more than sixty (60) days from the receipt of the recommendation from the Village Planning Commission.

Section 608 Notice of Public Hearing in the Newspaper. Notice of the public hearing required in Section 607 shall be given by Village Council by at least one (1) publication in one (1) or more newspapers of general circulation in the Village. Said notice shall be published at least thirty (30) days before the date of the required hearing. The published notice shall set forth the time and place of the public hearing and a summary of the proposed amendment.

Section 609 Notice to Property Owners by Village Council. If the proposed amendment intends to rezone or redistrict ten or less parcels of land, as listed on the tax duplicate, written notice of the hearing shall be mailed by the Clerk of Council, by first class mail, at least twenty (20) days before the day of the public hearing to all owners of property within, contiguous to, and directly across the street from such area proposed to be rezoned or redistricted to the address of such owners appearing on the County Auditor's current tax list or the Treasurer's mailing list and to such other list or lists that may be specified by the Village Council. The failure to deliver the notification, as provided in this section shall not invalidate any such amendment. The notice shall contain the same information as required of notices published in newspapers as specified in Section 608.

Section 610 Action by the Village Council. Within thirty (30) days after the public hearing required by Section 607, the Village Council shall either adopt or deny the recommendation of the Planning Commission or adopt some modification thereof. In the event the Village Council denies or modifies the recommendation of the Planning Commission, it must do so by not less than three-fourths (3/4) of the full membership of Village Council. No such ordinance shall be passed unless it has been fully and distinctly read on three different days, except that such ordinance may become emergency legislation if three-fourths (3/4) of the members of Village Council vote to dispense with this rule.

Section 611 Effective Date and Referendum. Such amendment adopted by Village Council shall become effective thirty (30) days after the date of such adoption unless within thirty (30) days after the passage of the ordinance there is presented to the Village Clerk a petition, completed in accordance with the requirements found in ORC 731.29, requesting the Village Council to submit the zoning amendment to the electors of the Village for approval or rejection at the next general election.

No amendment for which such referendum vote has been requested shall be put into effect unless a majority of the vote cast on the issue is in favor of the amendment. Upon certification by the Board of Elections that the amendment has been approved by the voters, it shall take immediate effect.

Section 612 Annexation. All land annexed to the Village subsequent to the adoption of this Ordinance shall remain subject to the previous township zoning district until such time as the Official Zoning Map is amended according to the provisions of this Article.

ARTICLE VII PROVISIONS FOR OFFICIAL ZONING MAP

Section 700 Official Zoning Map. The districts established in Article 8 of this Ordinance as shown on the Official Zoning Map which, together with all explanatory matter thereon, are hereby adopted as part of this Ordinance.

Section 710 Identification of the Official Zoning Map. The Official Zoning Map shall be identified by the signature of the Mayor and attested to by the Village Clerk.

Section 720 Interpretation of District Boundaries. Where uncertainty exists with respect to the boundaries of any of the zoning districts as shown on the Official Zoning Map, the following rules shall apply:

1. Where district boundaries are indicated as approximately following the center lines of thoroughfares or highways, street lines, or highway rights-of-way lines, such center lines, street lines, or highway right-of-way lines shall be construed to be such boundaries;
2. Where district boundaries are so indicated that they approximately follow the lot lines, such lot lines shall be construed to be said boundaries;
3. Where district boundaries are so indicated that they are approximately parallel to the center lines or street lines of streets, or the center lines or right-of-way lines of highways, such district boundaries shall be construed as being parallel thereto and at such distance therefrom as indicated on the Official Zoning Map. If no distance is given, such dimensions shall be determined by the use of the scale shown on the Official Zoning Map.
4. Where the boundary of a district follows a railroad line, such boundary shall be deemed to be located in the middle of the main tracks of said railroad line.
5. Where the boundary of a district follows the river, lake, or channel, said boundary line shall be deemed to be at the limit of the jurisdiction of the Village unless otherwise indicated.

Section 721 Uncertainty as to Boundaries. All questions concerning the exact location of district boundary lines, shall be determined by the Zoning Inspector with appeals to the Board of Zoning Appeals.

Section 730 Replacement of the Official Zoning Map. In the event the Official Zoning Map becomes damaged, destroyed, lost or difficult to interpret, the Village Council may by ordinance adopt a new map which shall supersede the prior map. The new map may correct drafting errors in the prior map, but no such correction shall have the effect of amending the original map or any subsequent amendment thereof. The new map shall be identified by the signature of the Mayor and attested to by the Village Clerk and bearing the following words: This is to certify that this Official Zoning Map supersedes and replaces the Official Zoning Map adopted __ (date) __ as part of the Zoning Ordinance of the Village of Huntsville, Ohio.

ARTICLE VIII ESTABLISHMENT AND PURPOSE OF DISTRICTS

Section 800 Intent. The following zoning districts are hereby established for the Village. For the interpretation of this Ordinance, the zoning districts have been formulated to realize the general purposes as set forth in the preamble of this Ordinance. In addition, the specific purpose of each zoning district shall be as stated.

Section 810 Low Density Residential District (R-1) The purpose of the R-1 District is to permit the establishment of low density single-family dwellings not to exceed four (4) dwelling units per gross acre if a central sewerage system is available. Specific permitted and conditional uses and minimum requirements are listed on the Official Schedule of District Regulations.

Section 820 Medium Density Residential District (R-2). The purpose of the R-2 District is to permit the establishment of medium density single family dwellings not to exceed eight (8) dwelling units per gross acre if a central sewerage system is available. Also, this classification more closely resembles the existing development pattern within the older developed sections of the village. This district is also designed to permit multi-family dwellings as a conditional use and the conversion of large older houses as a conditional use in the older established neighborhoods. Specific permitted uses and conditional uses and minimum requirements are listed on the Official Schedule of District Regulations.

Section 830 High Density Residential District (R-3). The purpose of the R-3 District is to permit the establishment of high density multi-family dwellings not to exceed twelve (12) dwelling units per gross acre if a central sewerage system is available. Manufactured homes (not permanently sited) and mobile homes are a permitted use. Specific permitted and conditional uses and minimum requirements are listed on the Official Schedule of District Regulations.

Section 860 Local Business District (B-2). The purpose of the local business district is to provide land for retail and service establishments offering convenience-type goods and services. Light manufacturing is a conditional use. Specific permitted and conditional uses are listed on the Official Schedule of District Regulations.

Section 870 Light Manufacturing District (M-1). The purpose of the light manufacturing district is to provide land for manufacturing or industrial establishments. Commercial activities compatible with light manufacturing uses are permitted. Specific permitted uses and conditional uses are listed on the Official Schedule of District Regulations.

ARTICLE IX DISTRICT REGULATIONS

Section 900 Compliance with Regulations. The regulations for each district set forth by this Ordinance shall be minimum regulations and shall apply uniformly to each class or kind of structure or land, except as hereinafter provided; or as otherwise granted by the Board of Zoning Appeals.

1. No building, structure, or land shall be used or occupied and no building or structure or part thereof shall be erected, constructed, reconstructed, moved or structurally altered except in conformity with all of the regulations herein specified for the district in which it is located.
2. No building or other structure shall be erected or altered:
 - a. to provide for greater height or bulk;
 - b. to accommodate or house a greater number of families;
 - c. to occupy a greater percentage of lot area;
 - d. to have narrower or smaller rear yards, front yards, side yards, or other spaces than herein required, or in any other manner be contrary to the provisions of this ordinance.
3. No yard or lot existing at the time of passage of this Ordinance shall be reduced in dimension or area below the minimum requirements set forth herein. Yards or lots created after the effective date of this Ordinance shall meet at least the minimum requirements set forth herein.
4. All territory which may hereafter be annexed to the village shall be administered according to the applicable Township Zoning Resolution until otherwise classified.

Section 910 Official Schedule of District Regulations Adopted. District regulations shall be as set forth in the Official Schedule of District Regulations hereby adopted and declared to be a part of this Ordinance and in Article 10 of this Ordinance, "Supplementary District Regulations". Regulations for Manufactured and/or Mobile Homes Individually shall be those specified in Article XIII.

The Official Schedule of District Regulations is on pages 38-41

ARTICLE X SUPPLEMENTARY DISTRICT REGULATIONS

Section 1000 General. The purpose of the supplementary district regulations is to set specific conditions for various uses, classification of uses or areas where problems are frequently encountered.

Section 1001 Conversion of Dwellings to More Units. A residence may be converted to accommodate an increased number of dwelling units provided:

1. The yard dimensions including minimum lot width, still meet the yard dimensions required by the zoning regulations for new structures in that district in which the dwelling is located;
2. The lot area per family equals the lot area requirements for multi-family structures as listed on the Official Schedule of District Regulations under the appropriate "R" district;
3. The floor area per dwelling unit is not reduced to less than that which is required for new construction of multi-family structures as listed on the Official Schedule of District Regulations under the appropriate "R" district;
4. The conversion is in compliance with all other relevant codes and ordinances.

Section 1002 Private Swimming Pools. No private swimming pool, exclusive of portable swimming pools with a diameter less than twelve (12) feet or with an area of less than one-hundred (100) square feet shall be allowed in any commercial or residential district, except as an accessory use and unless it complies with the following conditions and requirements:

1. The pool is intended and is to be used solely for the enjoyment of the occupants of the principal use of the property on which it is located;
2. It may not be located, including any walks or paved areas or accessory structures adjacent thereto, closer than ten (10) feet to any property line of the property on which it is located;
3. The swimming pool, or the entire property on which it is located shall be walled or fenced to prevent uncontrolled access by children from adjacent properties. Said fence or wall shall be not less than four (4) feet in height and maintained in good condition with a gate and lock.
 - a. An above ground pool with walls or sides four (4) feet, or taller, in height shall be in compliance provided access to the ladders or steps are surrounded by a fence or wall that is not less than four (4) feet in height and maintained in good condition with a gate and lock.

Section 1003 Community or Club Swimming Pools. Community and club swimming pools are permitted as commercial or non-commercial recreation in accordance with the Official Schedule of District Regulations, and shall comply with the following conditions and requirements:

1. The pool is intended solely for the enjoyment of the members and families and guests of members of the association or club under whose ownership or jurisdiction the pool is operated;
2. The pool and accessory structures thereto, including the areas used by the bathers, shall not be closer than fifty (50) feet to any property line;

The swimming pool and all of the area used by the bathers shall be walled or fenced to prevent uncontrolled access by children from the thoroughfare or adjacent properties. Said fence or wall shall not be less than six (6) feet in height and maintained in good condition.

Section 1004 Temporary Buildings. Temporary buildings, construction trailers, equipment and materials used in conjunction with construction work only may be permitted in any district during the period construction work is in progress, but such temporary facilities shall be removed upon completion of the construction work.

Section 1005 Parking and Storage of Certain Vehicles. The following provisions and requirements shall pertain to the parking and storage of certain vehicles:

1. The parking or storage, within any district, of automotive vehicles without current license plates, for a period of more than thirty (30) days shall be prohibited unless such vehicle is stored in an enclosed garage or other accessory building;
2. The parking or storage, within any district, of a disabled automotive vehicle for a period of more than thirty (30) days shall be prohibited unless such vehicle is stored in an enclosed garage or other accessory building;
3. The parking and storage, within any district, of a junked, dismantled or wrecked automotive vehicle or parts thereof which is in public view of any street for a period of more than thirty (30) days shall be prohibited.

For purposes of this section, a junked, dismantled or wrecked automotive vehicle shall be one which is damaged, or no longer serviceable, to the extent that it is inoperable or is unsafe to operate upon the public highways and streets.

This section shall not apply to automobile dealers, properly licensed junk yards and motor vehicle salvage facilities which are regulated by appropriate sections of the Ohio Revised Code.

Section 1006 Required Trash Areas. All commercial, industrial, and multi-family residential uses that provide trash and/or garbage collection areas shall be enclosed on at least three sides by a solid wall or fence a minimum of four (4) feet in height or one (1) foot higher than the receptacles there if such area is not within an enclosed building or structure. Provisions for adequate vehicular access to and from such area or areas for collection of trash and/or garbage as determined by the Zoning Inspector shall be required.

Section 1007 Keeping of Animals. Domestic animals, other than common household pets, kept for personal use or raised for sale and profit are prohibited in all districts. Kennels are also prohibited in all districts.

Section 1008 Mobile Trailers Prohibited for Business, Storage, Sign, and Residence Purposes. The use of a mobile home, tractor trailer, box car, sealand/shipping container, freight container, or other similar type trailer, container, or structure shall not be permitted as an office or business structure, storage facility, sign structure, or residence, except as otherwise provided for in this Ordinance.

Section 1010 Supplemental Yard and Height Regulations. In addition to all yard regulations specified in the Official Schedule of District Regulations and in other sections of this Ordinance, the provisions of Sections 1011-1017, inclusive shall be used for interpretation and clarification.

Section 1011 Setback Requirements for Corner Buildings. On a corner lot the principal building and its accessory structures shall be required to have the same setback distance from all street right-of-way lines as required for the front yard in the district in which such structures are located.

Section 1012 Visibility at Intersections. On a corner lot in any district, nothing shall be erected, placed, planted, or allowed to grow in such a manner as to materially impede vision between a height of two and one-half (2 ½) and ten (10) feet above the center line grades of the intersecting streets in the area bounded by the right-of-way lines of such corner lots and a line joining points along said street lines fifty (50) feet from the point of intersection.

On a lot in any district, nothing shall be erected, placed, planted, or allowed to grow in such a manner as to materially impede vision between a height of two and one-half (2 ½) and ten (10) feet above the center line grades of an alley and other intersecting streets in an area bounded by the right-of-way lines of such

lot and a line joining points along said alley and other street lines twenty (20) feet from the point of intersection.

Section 1013 Fences & Walls

Fences and walls are permitted in all districts, subject to the following conditions:

1. Location.
 - a. Fences shall be permitted in any yard.
 - b. Walls shall be permitted in any yard.
 - c. If no structure exists on a residential lot, no fence or wall may project past the front building line of the average of the adjacent properties or the minimum front yard setback, whichever is greater.
 - d. No fence or wall shall be closer than three (3) feet to any right-of-way line.
2. Height.
 - a. Fences shall not exceed four (4) feet in the front yard or six (6) in height for other yards for residential uses.
 - b. Fences shall not exceed eight (8) feet in height for non-residential uses.
 - c. Walls shall not exceed four (4) feet in the front yard or six (6) feet in height for other yards for residential uses.
 - d. Walls shall not exceed six (6) feet in height for non-residential uses.
3. Sight Distance Requirements.
 - a. No fence or wall shall violate the sight distance requirements found in Section 1012 Visibility at Intersections.
4. Zoning Permit.
 - a. Unless otherwise stated in this Ordinance, a zoning permit is required for the erection or installation of a fence or wall.

Section 1014 Yard Requirements for Multi-Family Dwellings. Multi-family dwellings shall be considered as one (1) building for the purpose of determining front, side, and rear yard requirements. The entire group as a unit shall require one (1) front, one (1) rear, and two (2) side yards as specified for dwellings in the appropriate district. Each individual building shall meet all yard requirements for the R-2 district as though it were on an individual lot.

Section 1015 Side and Rear Yard Requirements for Non-Residential Uses Abutting Residential Districts. Non-residential buildings or uses shall not be located nor conducted closer than ten (10) feet to any lot line of a residential district, except that the minimum yard requirements may be reduced to fifty (50) percent of the requirement if acceptable landscaping or screening approved by the Zoning Inspector is provided. Such screening shall be a masonry or solid fence between four (4) and eight (8) feet in height maintained in good condition and free of all advertising or other signs. Landscaping provided in lieu of such wall or fence shall consist of a strip of land not less than twenty (20) feet in width planted with an evergreen hedge or dense planting of evergreen shrubs not less than four (4) feet in height at the time of planting. Either type of screening shall not obscure traffic visibility within fifty (50) feet of an intersection.

Section 1016 Architectural Projections. Open structures such as porches, canopies, balconies, platforms, carports, covered patios, and similar architectural projections shall be considered parts of the building to which attached and shall not project into the required minimum front, side, or rear yard. Sidewalks are exempted from this provision.

Section 1017 Exceptions to Height Regulations. The height limitations contained in the Official Schedule of District Regulations do not apply to spires, belfries, cupolas, antennas, ventilators, chimneys, or other appurtenances usually required to be placed above the roof level and not intended for human.

Section 1020 Special Provisions for Uses. No land or building in any district shall be used or occupied in any manner creating dangerous, injurious, noxious or similar objectionable conditions which could adversely affect the surrounding areas or adjoining premises, except that any use permitted by this Ordinance may be undertaken and maintained if acceptable measures and safeguards to reduce dangerous and objectionable conditions to acceptable limits are taken. Specifically, the commercial or industrial use shall be in violation of this Ordinance if one or more of the following conditions is found to exist at any time:

1. The use or storage of flammable or explosive materials is not adequately protected by fire-fighting and fire-protection equipment or by such safety devices as are normally required for such activities;
2. Activities involving the use and storage of flammable and explosive materials are not removed from adjacent facilities or activities to a distance compatible with the potential danger involved;
3. Vibration discernable by the Zoning Inspector without instruments is present on any adjoining lot or property.
4. Direct or reflected glare is present which is visible from any street or from any property not within a manufacturing district.
5. Erosion caused by wind or water is carrying objectionable substances onto any adjacent lot or property;

Section 1025 Enforcement Provisions. The Zoning Inspector, prior to the issuance of a zoning permit, may require the submission of statements and plans indicating the manner in which dangerous and objectionable elements involved in processing and in equipment operations are to be eliminated or reduced to acceptable limits.

Section 1026 Measurement Procedures. Methods and procedures for the determination of the existence of any dangerous and objectionable elements shall conform to applicable standard measurement procedures published by the American Standards Association, Inc., New York, the Manufacturing Chemists Association, Inc., Washing D.C., the United States Bureau of Mines, and the Ohio Environmental Protection Agency.

Section 1050 Home Occupation. It is the purpose of this Ordinance to promote the public health, safety, and welfare through the regulation of home occupations. It is further the intent of these Sections to allow limited non-residential uses in residential structures which are compatible with the residential character of their surroundings.

No Home Occupation shall be located in a zoning district where such use is not explicitly listed as a permitted or conditionally permitted use. A home occupation shall be a permitted only if it complies with the following requirements:

1. The owner or lessee of the premises must reside in the dwelling unit used for the home occupation. The lessee shall have the owner's permission to conduct such home occupation.
2. Not more than two (2) workers, exclusive of the owners or lessee and family members living on the premises, shall be employed in a home occupation at any one time.
3. All activities conducted on site shall be conducted entirely within the dwelling unit, and the use of the dwelling unit for the home occupation shall be clearly incidental and subordinate to its use for residential purposes by its occupants.
4. Not more than thirty (30) percent or six hundred (600) square feet of the gross floor area, whichever is less, of any dwelling unit shall be used for a home occupation.
5. Home occupations shall not be permitted in any accessory building within any district unless a conditional use permit is received from the Board of Zoning Appeals.

6. Home occupations that are operated in an accessory building with a conditional use permit shall not exceed six hundred (600) square feet of floor area.
7. There shall be no change in the outside appearance of the building or premises, or other visible evidence of the conduct of such home.
8. All signs shall comply with Article XII Signs of this Zoning Ordinance.
9. There shall be no sale on the premises of commodities other than those incidental to the home occupation.
10. No traffic shall be generated by such home occupation in greater volume than would normally be expected in a residential neighborhood, and any need for parking generated by the conduct of such home occupation shall be met off the street and other than in a required front yard.
11. Equipment or processes shall not be used in such Home Occupations that creates noise, dust, vibrations, glare, fumes, odors, or visual, audible, or electrical interference detectable off the lot or beyond the lot line.
12. There shall be no increased burden placed upon existing Village public services provided to the residence as a result of a Home Occupation.

Section 1051 – Short Term Rental. In the interest of protecting the public health, safety, and general welfare, this Section establishes conditions for the establishment of a short term rental. Further, it is the intent of this Section to protect the purpose and intent of each district, where a short term rental is conditionally permitted. In addition to the other requirements in this Ordinance, the following conditions shall apply:

1. Maximum number of short term rentals. Only one (1) dwelling unit per lot may be used as a short term rental.
2. Maximum number of rooms. No short term rental shall contain more than five (5) sleeping rooms.
3. Trash Areas. Trash areas shall be in accordance with Section 1006 Required Trash Areas.
4. Parking. Parking shall comply with Article XI and the following additional restrictions:
 - a. *Number.* One (1) parking space shall be provided per sleeping room.
 - b. *Location.* No additional parking spaces proposed in conjunction with the short term rental shall be located in the required front yard setback.
5. Signs. Signage shall comply with Article XII and the following additional restrictions:
 - a. *Maximum Number, Size, and Type Permitted.* A short term rental shall be limited to one (1) wall sign no larger than twelve (12) square feet and one (1) monument sign no larger than twelve square feet (12).
 - b. *Exterior Lighting Only.* Sign lighting shall be employed by a white, steady, stationary light of reasonable intensity directed solely at the sign and/or otherwise prevented from beaming directly onto adjacent properties or right-of-way.
6. There shall be no increased burden placed upon existing Village public services provided to the lot as a result of the short term rental.

Section 1060 Small Wind Projects (Less than 5MW).

- I. Wind Projects of 5MW or more shall be required to submit an application with the Ohio Power Siting Board (OPSB) at the Public Utilities Commission of Ohio (PUCO) and are required to meet OPSB regulations. Small Wind Projects less than 5MW and used solely for Agriculture will be exempt from these zoning regulations as an Agricultural Use. Any proposed construction, erection, or siting of a small wind project less than 5MW including the wind turbine generator or anemometer or any parts thereof shall be permitted only as an accessory use in any district if the following conditions are met:
 - A. The maximum height of any turbine shall be 125 ft. For purposes of this Resolution, maximum height shall be considered the total height of the turbine system including the tower, and the maximum vertical height of the turbine's blades. Maximum height

therefore shall be calculated by measuring the length of a prop at maximum vertical rotation to the base of the tower.

- B. Setbacks: the following shall apply in regards to setbacks.
 - 1. Any turbine erected on a parcel of land shall be setback 1.1 times the height of the tower, or established "clear fall zone", from all road right-of-way lines and neighboring property lines. A turbine shall be erected and placed in such a manner that if it were to fall, whatever direction the fall occurs would be contained solely on the property where the turbine is located at.
- C. Maintenance
 - 1. Wind turbines must be maintained in good working order. The owner shall within 30 days of permanently ceasing operation of a wind turbine, provide written notice of abandonment to the Zoning Inspector. An unused wind turbine or small wind project may stand no longer than 12 months following abandonment. All costs associated with the demolition of the wind turbine and associated equipment shall be borne by the owner. A wind turbine is considered abandoned when it ceases transmission of electricity for 30 consecutive days. Wind turbines that become inoperable for more than 12 months must be removed by the owner within thirty (30) days of issuance of zoning violation. Removal includes removal of all apparatuses, supports, and or other hardware associated with the existing wind turbine.
- D. Decibel Levels
 - 1. Decibel levels shall not exceed those provided by the manufacturer as requested in II Permits, 2., e.
- E. Wiring and electrical apparatuses:
 - 1. All wires and electrical apparatuses associated with the operation of a wind turbine unit shall be located underground and meet all applicable local, state, and federal codes including the County Building Regulations and Residential Building Code of Ohio.
- F. Warning Signs:
 - 1. Appropriate warning signs to address voltage shall be posted (where and meeting sign requirements).
- G. Building Permits:
 - 1. All Small Wind Projects and parts thereof shall obtain all applicable Building Permits from the State of Ohio and County Building Regulations where required.

II. Permits

- A. A permit shall be required before construction can commence on an individual wind turbine project.
- B. As part of the permit process, the applicant shall inquire with the County Building Regulations as to whether or not additional height restrictions are applicable due to the unit's location in relation to any local airports.
- C. Applicant shall then provide the Township Zoning Inspector with the following items and or information when applying for a permit:
 - 1. Location of all public and private airports in relation to the location of the wind turbine.
 - 2. An report that shows:
 - a. The total size and height of the unit
 - b. If applicable, the total size and depth of the unit's foundation structure, as well as soil and bedrock data.
 - c. A list and or depiction of all safety measures that will be on the unit including anti-climb devices, grounding devices, and lightning protection, braking systems, guy wiring & anchors.

- d. Data specifying the kilowatt size and generating capacity in kilowatts of the particular unit.
 - e. The maximum decibel level of the particular unit. This information shall be obtained from the manufacturer of the turbine unit.
 - f. Hazardous materials containment and disposal plan.
3. A site drawing showing the location of the unit in relation to existing structures on the property, roads and other public right-of-ways, and neighboring property lines.
 4. Evidence of established setbacks of 1.1 times the height of the wind turbine and "clear fall zone."
 5. A maintenance schedule as well as a dismantling plan that outlines how the unit will be dismantled shall be required as part of the permit.

Section 1061 Small Solar Energy Systems (Less than 50 MW)

A. Accessory Solar Energy Systems

It is the purpose of this regulation to promote the safe, effective, and efficient use of accessory solar energy systems installed to reduce the on-site consumption of utility-supplied electricity. An accessory solar energy system shall be considered a permitted accessory use in any district provided all requirements and regulations as set forth below are met.

No person shall cause, allow or maintain the use of an accessory solar energy system without first having obtained a zoning permit from the zoning inspector.

All accessory solar energy systems shall meet the following requirements:

1. An accessory solar energy system is permitted in all zoning districts as an accessory to a principal use.
2. An accessory solar energy system shall not be used for the generation of power for the sale or donation of energy to other users, although this provision shall not be interpreted to prohibit the sale or donation of excess power generated from time to time to the local utility company or the sale or donation of power as part of a net metering or similar arrangement. Net metering or similar arrangements are those where electricity produced by the accessory solar energy system displaces electricity that would otherwise be purchased from an electric utility or supplier for the lot where the accessory system is located. Net metering or similar arrangements shall be incidental and secondary to the production for on-site use.
3. Accessory solar energy systems with a generation output of five hundred (500) watts or less, or a combination of accessory solar energy systems with an aggregate generation output of five hundred (500) watts or less, shall not require a permit and shall be exempt from the requirements of this section, provided that the system is independent and disconnected from the electrical service(s) supplied to the lot on which the accessory solar energy system is located.
4. Roof/Building mounted accessory solar energy systems:
 - a. Shall not extend beyond the perimeter (or edge of roof) of the building on which it is located.
 - b. May be mounted to a principal or accessory building.
 - c. The height of the solar energy system and building to which it is mounted may not exceed the ridgeline of the roof for hip, gable, and gambrel roofs.
5. Ground/Pole mounted accessory solar energy systems:
 - a. Shall be no taller than seventy-five (75) percent of the maximum building height allowed in that zoning district for accessory buildings.
 - b. Shall be permitted in the rear or side yard only.
 - c. Shall be erected within an established clear fall zone.

- d. The minimum setback distance from the property lines for structures comprising solar energy systems and all related equipment shall be at least one hundred ten (110) percent of the height of any structure or at least twenty (20) feet from the nearest property line, whichever is greater.
6. Other structure mounted accessory solar energy systems:
 - a. Shall be no taller than seventy-five (75) percent of the maximum building height allowed in that zoning district for accessory buildings.
 - b. Shall be permitted in the rear or side yard only.
 - c. Shall be erected within an established clear fall zone.
 - d. The minimum setback distance from the property lines for structures comprising solar energy systems and all related equipment shall be at least one hundred ten (110) percent of the height of any structure or at least twenty (20) feet from the nearest property line, whichever is greater.
 7. Accessory solar energy systems shall be designed and located in order to prevent reflective glare toward any inhabited structure on adjacent properties as well as adjacent street right of ways.
 8. Accessory solar energy systems and all solar energy equipment that are no longer functioning shall be completely removed from the property within six (6) months from the date they are no longer producing electricity, become damaged, discontinued or broken. Any earth disturbance as a result of the removal of the accessory solar energy system shall be graded and reseeded within thirty (30) days of removal.
 9. In addition to the site plan required for any zoning permit or conditional use permit, the following shall also be submitted at the time of application and shall include:
 - a. Height of the proposed solar energy system(s) at maximum tilt.
 - b. Evidence of established setbacks of 1.1 times the height of any ground/pole mounted or other structure mounted solar energy system and "clear fall zone".
 - c. Proof of notice to the electric utility company, Soil and Water Conservation District (for drainage impact purposes), and County Health Department/District (for on-site sewage treatment impacts) regarding the proposal.

B. Principal Solar Energy Production Facilities

No Principal Solar Energy Production Facility shall be located in a zoning district where such facilities are not explicitly listed as a permitted or conditionally permitted use.

It is not the purpose of this regulation to regulate a major utility facility, as defined by the Ohio Revised Code, which is regulated by the Ohio Power Siting Board (50 MW or greater).

Principal Solar Energy Production Facilities are prohibited in any district.

Section 1065 Telecommunications Towers.

Pursuant to the Telecommunications Act of 1996, and the Huntsville Village Council being duly notified of the person's intent to construct a telecommunications tower in an area zoned for residential use (R-1, R-2, and R-3 Residential Districts); public utilities or other functionally equivalent providers may site a telecommunications tower as a conditional use provided the following conditions are met:

1. The applicant must provide proof that the proposal to construct a tower or attach equipment to an existing structure has been approved by all other agencies and governmental entities with jurisdiction (i.e. Federal Communications Commission, Federal Aviation Administration, Ohio Department of Transportation; Ohio Building Basic Code).
2. Applicant is required to show cost of construction at this time;
3. The applicant shall provide proof of notification to contiguous or directly across the street property owners as required by the Ohio Revised Code;

4. The applicant must demonstrate at the time of application that no other existing towers are feasible for co-location, and that no technically suitable and feasible sites are available in a nonresidential district. There shall be an explanation of why co-location is not possible and why a tower at this proposed site is technically necessary;
5. All underground installation shall be trenched and not plowed in. Damage to anything must be repaired, and ground restored to original condition;
6. Co-location. Applicant shall provide a signed statement indicating that the applicant agrees to allow for the potential co-location of other users on the same tower to the extent possible. All co-located and multiple-use telecommunication facilities shall be designed to promote facility and site sharing;
7. Setbacks from all platted residential uses and residential districts. All new towers shall be setback from the closest subdivision boundary line for all platted residential subdivisions, and for all non-platted residential districts from the closest residence, a distance equal to the height of the tower plus fifty (50) feet;
8. Setbacks from all streets and private buildings and public road right of ways. All new towers shall be setback from all road right of ways public and private, a distance equal to the height of the tower plus fifty (50) feet;
9. Setbacks from all other uses allowable in the zoning district. All new towers shall be setback from any building that is not associated with or accessory to the telecommunications tower facility a distance equal to the height of the tower plus fifty (50) feet;
10. Any and all base station equipment, accessory structures, buildings, etc. used in conjunction with the tower shall be screened with fencing, masonry, shrubbery, or other screening materials.
11. The applicant shall notify the Zoning Inspector within thirty (30) days of ceasing operations at the site and shall remove all structures within one hundred and twenty (120) days of ceasing operations;
12. Lighting. Telecommunication towers shall not be artificially lighted unless required by the Federal Aviation Administration or other applicable regulatory authority. If lighting is required, the lighting design that would cause the least disturbance to the surrounding views shall be chosen. All telecommunication facilities shall be unlit except for security lighting, or when authorized personnel are present;
13. No advertising or illumination other than that required by law may be located on the structure or on the required screening;
14. An inspection report prepared by a qualified engineer licensed by the State of Ohio shall be submitted to the zoning office every five (5) years, which details the structural integrity of all towers and support structures on the property. The results of such inspections shall be provided to the Logan County Building Regulations Department and Huntsville Zoning Inspector. Based upon results of an inspection, the Village Council may require repair or removal of a communication tower. Any and all necessary repairs to the tower and/or support structures shall be made within a seven (7) day period or the tower and/or structures shall be removed. The tower owner (applicant) is responsible to cover the cost of all inspections, repair and/or removal;
15. The unstaffed storage building and/or unit that houses transmitting equipment is considered an accessory use and/or structure. Setbacks for accessory uses/structures will comply with distances in the zoned district of the tower location. These facilities may not include offices, long-term vehicle storage, other outdoor storage or broadcast studios except for emergency purposes;
16. A six (6) foot safety fence with a locked gate surrounding the tower is required. If high voltage is necessary, signs must be posted every twenty (20) feet along the accessory building and fence saying, "Danger – High Voltage." The operator must also post "No Trespassing" signs.
17. Lot shall be mowed and maintained to control weeds;
18. Performance Bond. For each telecommunication tower, the owner or operator shall provide to the Village a surety bond or a bank letter of credit so as to assure the Village that the terms and conditions of Section 575 are performed and complied with, including necessary repairs, repairs to public highways and roads, and the costs and expenses of removal in the event of abandonment; Bond shall

equal anticipated demolition, and debris removal cost; the Village of Huntsville may draw upon the performance bond to recover any costs, damages or expenses incurred by the Village that may arise out of the violations of Section 575 or the abandonment or discontinuance of the tower.

Section 1070 Adult Entertainment. Adult Entertainment Facilities are conditionally permitted within the M-1 Manufacturing District only, and subject to conditions set forth in the Zoning Ordinance Section 560 and paragraphs 1-9 hereafter set forth.

1. No adult entertainment facility shall be established within one thousand (1,000) feet of any areas zoned for residential use.
2. No adult entertainment facility shall be established within a radius of one thousand five hundred (1,500) feet of any school, library, or teaching facility, whether public or private, governmental or commercial which school, library, or teaching facility is attended by persons under eighteen (18) years of age.
3. No adult entertainment facility shall be established within a radius of one thousand five hundred (1,500) feet of any park or recreational facility attended by persons under eighteen (18) years of age.
4. No adult entertainment facility shall be established within a radius of two thousand (2,000) feet of any other adult entertainment facility.
5. No adult entertainment facility shall be established within a radius of one thousand five hundred (1,500) feet of established church, synagogue, or permanently established place of religious services which is attended by persons under eighteen (18) years of age.
6. No advertisements, displays, or other promotional materials shall be shown or exhibited so as to be visible to the public from pedestrian sidewalks or walkways, or from other areas public or semi-public.
7. All building openings, entries, windows, etc. for adult uses shall be located, covered, or serviced in such a manner as to prevent a view into the interior from any public or semi-public area, sidewalk, or street. For new construction, the building shall be oriented so as to minimize any possibility of viewing the interior from public or semi-public areas.
8. No screens, loudspeakers, or sound equipment shall be used for adult motion picture theatres (enclosed or drive-in) that can be seen or discerned by the public from public or semi-public areas.
9. Off-street parking shall be provided in accordance with the standards for permitted use within M-1 Manufacturing District.

Section 1071 General Conditions for Medical Marijuana Entities.

In the interest of protecting the public health, safety, and general welfare, this section establishes zoning regulations for State-authorized medical marijuana cultivators, processors, and dispensaries within the municipal corporation.

1. Not An Agricultural Use. The cultivation, manufacture, and/or sale of medical marijuana shall not be considered an "agricultural" use.
2. Zoning Districts. No medical marijuana entity including a cultivator, processor, and/or dispensary shall be located in a zoning district where the use is not explicitly listed as a permitted or conditionally permitted use. No medical marijuana cultivation, manufacture, and/or sale by a medical marijuana entity shall occur in a zoning district where the use is not explicitly listed as a permitted or conditionally permitted use. Furthermore, no cultivator, processor, and/or dispensary shall operate as a home occupation.
3. Mobile Building Prohibited. No medical marijuana cultivator, processor, or dispensary shall be located within a mobile building.
4. Distance from Other Uses. Pursuant to ORC 3796, no medical marijuana cultivator, processor, or dispensary shall be located within five hundred (500) feet of the boundaries of a lot having

situated on it a church, public library, public playground, public park, or school. The distance shall be measured as the shortest straight line from property line to property line. If there is an exception to this distance requirement provided in ORC 3780 or ORC 3796, this requirement shall not apply.

5. Distance from Other Dispensaries. No medical marijuana dispensary shall be located within five hundred (500) feet of a lot having situated on it another adult use cannabis dispensary and/or medical marijuana dispensary. The distance shall be measured as the shortest straight line from property line to property line. However, this requirement shall not prevent the co-location of an adult use cannabis dispensary and a medical marijuana dispensary on the same lot.
6. Total Dispensaries Permitted. No more than one (1) medical marijuana dispensary shall be permitted to locate and/or operate within the municipal corporation. However, this requirement shall not prevent the co-location of an adult use cannabis dispensary and a medical marijuana dispensary on the same lot.
7. Drive-Throughs at Dispensaries. Sufficient vehicle stacking shall occur within the drive for all drive-through lanes. A minimum of six vehicle stacking spaces is required.
8. Dumpsters/Service Areas/Storage Areas. Loading areas, dumpsters, and refuse areas shall be consolidated and/or shared where possible. Dumpsters, refuse areas, and storage areas shall be enclosed on all sides by fencing, walls, or a combination thereof and screened from view by landscaping on all sides except along gated access. The intent of this requirement is to minimize the impacts and view of such uses from the right-of-way and from adjacent lots.
9. Lighting. All exterior light sources shall be concealed (100% cutoff) to minimize the amount of light pollution affecting neighboring properties. In any building or other structure where medical marijuana is cultivated, the cultivator shall utilize blackout screens, retractable window coverings, or other methods to contain or minimize the light pollution affecting neighboring properties and the night sky.
10. Applications. In addition to the other requirements, any zoning application provided for in this ordinance—including and not limited to a zoning certificate, zoning permit, variance application, conditional use application—shall include:
 - a. A scale map showing the lots involved in the request comply with the requirements for Distance from Other Uses, Distance from Other Dispensaries, and Total Dispensaries Permitted.
 - b. A plot plan of the site drawn to a reasonable scale that designates the different areas of operation occurring exterior. This shall include parking spaces, parking space dimensions, and drive widths.
 - c. A photometric plan depicting proposed light intensity and exterior light sources. This shall specify proposed poles and luminary design, maximum height, lighting source, wattage, shielding, and any other information necessary to evaluate the proposed lighting.

Section 1072 General Conditions for Adult Use Cannabis Operators.

In the interest of protecting the public health, safety, and general welfare, this section establishes zoning regulations for State-authorized adult use cannabis cultivators, processors, and dispensaries within the municipal corporation.

1. Not an Agricultural Use. The cultivation, manufacture, and/or sale of adult use cannabis shall not be considered an “agricultural” use.
2. Zoning Districts. No adult use cannabis operator including a cultivator, processor, and/or dispensary shall be located in a zoning district where the use is not explicitly listed as a permitted or conditionally permitted use. No adult use cannabis cultivation, manufacture, and/or sale by an adult use cannabis operator shall occur in a zoning district where the use is not explicitly listed as

a permitted or conditionally permitted use. Furthermore, no cultivator, processor, and/or dispensary shall operate as a home occupation.

3. Mobile Building Prohibited. No adult use cannabis cultivator, processor, or dispensary shall be located within a mobile building.
4. Distance from Other Uses. Pursuant to ORC 3780, no adult use cultivator, processor, or dispensary shall be located within five hundred (500) feet of the boundaries of a lot having situated on it a church, public library, public playground, public park, or school. The distance shall be measured as the shortest straight line from property line to property line. If there is an exception to this distance requirement provided in ORC 3780 or ORC 3796, this requirement shall not apply.
5. Distance from Other Dispensaries. No adult use cannabis dispensary shall be located within five-hundred (500) feet of a lot having situated on it another adult use cannabis dispensary and/or medical marijuana dispensary. The distance shall be measured as the shortest straight line from property line to property line. However, this requirement shall not prevent the co-location of an adult use cannabis dispensary and a medical marijuana dispensary on the same lot.
6. Total Dispensaries Permitted. No more than one (1) adult use cannabis dispensary shall be permitted to locate and/or operate within the municipal corporation. However, this requirement shall not prevent the co-location of an adult use cannabis dispensary and a medical marijuana dispensary on the same lot.
7. Drive-Throughs at Dispensaries. Sufficient vehicle stacking shall occur within the drive for all drive-through lanes. A minimum of six vehicle stacking spaces is required.
8. Dumpsters/Service Areas/Storage Areas. Loading areas, dumpsters, and refuse areas shall be consolidated and/or shared where possible. Dumpsters, refuse areas, and storage areas shall be enclosed on all sides by fencing, walls, or a combination thereof and screened from view by landscaping on all sides except along gated access. The intent of this requirement is to minimize the impacts and view of such uses from the right-of-way and from adjacent lots.
9. Lighting. All exterior light sources shall be concealed (100% cutoff) to minimize the amount of light pollution affecting neighboring properties. In any building or other structure where adult use cannabis is cultivated, the cultivator shall utilize blackout screens, retractable window coverings, or other methods to contain or minimize light pollution affecting neighboring properties and the night sky.
10. Applications. In addition to other requirements, any zoning application provided for in this ordinance—including and not limited to a zoning certificate, zoning permit, variance application, or conditional use application—shall include:
 - a. A scale map showing the lots involved in the request comply with the requirements for Distance from Other Uses, Distance from Other Dispensaries, and Total Dispensaries Permitted.
 - b. A plot plan of the site drawn to a reasonable scale that designates the different areas of operation occurring exterior. This shall include parking spaces, parking space dimensions, and drive widths.
 - c. A photometric plan depicting proposed light intensity and exterior light sources. This shall specify proposed poles and luminary design, maximum height, lighting source, wattage, shielding, and any other information necessary to evaluate the proposed lighting.

ARTICLE XI OFF-STREET PARKING AND LOADING FACILITIES

Section 1100 General Requirements

1. No building or structure shall be erected, substantially altered, or its use changed unless permanently maintained off-street parking and/or loading spaces have been provided in accordance with the provisions of this Ordinance. Any exceptions to this provision shall be granted only by the Board of Zoning Appeals.
2. The provisions of this Article shall not apply to any existing building or structure or land use.
3. Whenever a building or structure constructed after the effective date of this Ordinance is changed or enlarged in floor area, number of employees, number of dwelling units, seating capacity, or otherwise to create a need for an increase in the number of existing parking spaces, additional parking spaces shall be provided on the basis of the enlargement or change. Whenever a building or structure existing prior to the effective date of this Ordinance is enlarged to the extent of fifty (50) percent or more in floor area, number of employees, number of housing units, seating capacity or otherwise, said building or structure shall then and thereafter comply with the full parking requirements set forth herein.

Section 1110 Parking Space Dimensions. A parking space shall have a minimum rectangular dimensions of not less than nine (9) feet in width and nineteen (19) feet in length for ninety (90) degree parking, nine (9) feet in width and twenty-three (23) feet in length for parallel parking, ten (10) feet in width and nineteen (19) feet in length for sixty (60) degree parking, and twelve (12) feet in width and nineteen (19) feet in length for forty-five (45) degree parking. All dimensions shall be exclusive of driveways, aisles, and other circulation areas. The number of off-street parking spaces is established in Section 1130 of this Ordinance.

Section 1111 Loading Space Requirements and Dimensions. A loading space shall have minimum dimensions of not less than twelve (12) feet in width, fifty (50) feet in length, exclusive of driveways, aisles, and other circulation areas, and a height of clearance of not less than fifteen (15) feet. One off-street loading space shall be provided and maintained on the same lot requiring delivery of goods and having a modified gross floor area of up to five thousand (5,000) square feet. One loading space shall be provided for each additional ten thousand (10,000) square feet or fraction thereof of ground floor area.

Section 1112 Paving. The required number of parking and loading spaces as set forth in Sections 1111 and 1130, together with driveways, aisles, and other circulation areas, shall be improved with such material to provide a durable and dust-free surface.

Section 1113 Drainage. All parking and loading areas shall provide for proper drainage of surface water to prevent the drainage of such water onto adjacent properties or walkways.

Section 1114 Maintenance. The owner of property used for parking and/or loading shall maintain such area in good condition without holes and free of all dust, trash and other debris.

Section 1115 Lighting. Any lights used to illuminate a parking lot shall be so arranged as to reflect the light away from the adjoining property.

Section 1116 Location of Parking Spaces. The following regulations shall govern the location of off-street parking spaces and areas:

1. Parking spaces for all detached residential uses shall be located on the same lot as the use which they are intended to serve;

2. Parking spaces for commercial or industrial uses shall be located not more than seven hundred (700) feet from the principal use;
3. Parking spaces for apartments, or similar residential uses shall be located not more than three hundred (300) feet from the principal use.

Section 1117 Screening and/or Landscaping. Whenever a parking area is located in or adjacent to a residential district it shall be effectively screened on all sides which adjoin or face any property used for residential purposes, by an acceptably designed fence, or planting screen. Such fence or planting screen shall be not less than four (4) feet nor more than six (6) feet in height and shall be maintained in good condition. The space between such fence, wall, or planting screen, and the lot line of the adjoining premises in any residential district shall be landscaped with grass, hardy shrubs or evergreen ground cover, and maintained in good condition. In the event that terrain or other natural features are such that the erection of such fence or planting screen will not serve the intended purpose, then no such fence or planting screen and landscaping shall be required.

Section 1119 Minimum Distance and Setbacks. No part of any parking area for more than ten (10) vehicles shall be closer than twenty (20) feet to any dwelling unit unless separated by an acceptably designed screen. If on the same lot with a one-family residence, the parking areas shall not be located within the front yard required for such building. In no case shall any part of a parking area be closer than four (4) feet to any established street or alley right-of-way.

Section 1120 Joint Use. Two or more non-residential uses may jointly provide and use parking spaces when their hours of operation do not normally overlap, provided that a written agreement approved by the Zoning Inspector shall be filed with the application for a zoning permit.

Section 1121 Wheel Blocks. Whenever a parking lot extends to a property line, wheel blocks or other suitable devices shall be installed to prevent any part of a parked vehicle from extending beyond the property line.

Section 1122 Width of Driveway Aisle. Driveways serving individual parking spaces shall be not less than twenty-five (25) feet wide for ninety (90) degree parking, twelve (12) feet wide for parallel parking, seventeen and one-half (17½) feet for sixty (60) degree parking and thirteen (13) feet for forty-five (45) degree parking.

Section 1125 Striping. All parking areas with a capacity over twelve (12) vehicles shall be striped with painted lines five (5) inches wide between stalls to facilitate the movement into and out of the parking stalls. Lines shall be maintained in a good visible condition.

Section 1130 Parking Space Requirements. For the purpose of this Ordinance, the following parking space requirements shall apply:

TYPE OF USE	PARKING SPACES REQUIRED
Single-family or two family dwelling	Two for each unit
Apartments, or multi-family dwellings	Two for each unit
Boarding houses, rooming houses, motel	One for each sleeping room or one for each permanent occupant
Manufactured housing (mobile homes)	Two for each unit
Automobile service garages which also provide repair	One for each two gasoline pumps and/or two for each service bay
Restaurant	One for each 100 sq. ft. of floor area
Retail Sales stores	One for each 20 sq. ft. of floor area
Offices, public or professional, administration or services	One for each 400 sq. ft. of floor area
All other types of businesses or commercial uses permitted in any business district	One for each 300 sq. ft. of floor area
Churches and other places of religious assembly	One for each 5 seats
Private club or lodge	One for each five members
All types of manufacturing, storage and wholesale uses	One for every 2 employees (on the largest shift for which the building is designed)

Section 1131 General Interpretations. In the interpretation of this Article, the following rules shall govern:

1. Parking spaces for other permitted or conditional uses not listed in this Article shall be determined by the Board of Zoning Appeals upon appeal from a decision of the Zoning Inspector.
2. Fractional numbers shall be increased to the next whole number.
3. When a reason for parking demand is unusually low, then the parking space provisions cited above may be reduced proportionately by the Board of Zoning Appeals upon an appeal from a decision of the Zoning Inspector.

ARTICLE XII SIGNS

Section 1200 Intent. The purpose of this Article is to promote and protect the public health, welfare, and safety by regulating existing and proposed outdoor advertising, outdoor advertising signs, and outdoor signs of all types. It is intended to protect property values, create a more attractive economic and business climate, enhance and to protect the physical appearance of the community.

Section 1201 Governmental Signs Excluded. For the purpose of this Ordinance "sign" does not include signs erected and maintained pursuant to and in discharge of any governmental function, or required by any law, ordinance, or governmental regulation.

Section 1202 General Requirements for all Signs and Districts. The regulations contained in this section shall apply to all signs and all use districts.

1. No sign or lighting device shall be placed or directed so as to permit the beams and illumination therefrom to be directed or beamed upon a public thoroughfare so as to cause glare or reflection that may constitute a traffic nuisance;
2. All wiring, fittings, and materials used in the construction, connection, and operation of electrically illuminated signs shall be in accordance with the provisions of the local electric code in effect, if any;
3. No hanging sign, not horizontal to the building, shall be erected or maintained at not more than two-thirds distance to the curb (not closer than two feet from the curb) and the bottom of the sign shall be at a minimum height of ten (10) feet from the sidewalk.
4. No sign shall be placed in the roof of any building, except those signs whose supporting structure is screened so the sign appears to be a continuation of the face of the building.
5. No sign of any classification shall be installed, erected, or attached in any form, shape, or manner to a fire escape or any door or window giving access to any fire escape.
6. All signs hung and erected shall be plainly marked with the name of the person, firm or corporation responsible for maintaining the sign.
7. Should any sign be or become unsafe or be in danger of falling, the owner thereof or the person maintaining the same, shall upon receipt of written notice from the Zoning Inspector proceed at once to put such sign in a safe and secure condition or remove the sign.
8. No sign shall be placed in any public right-of-way except in the central business district where paragraph 3 of Section 1202 applies. Publicly owned signs, and directional signs, and signs directing and guiding traffic and parking on private property but bearing no advertising matter shall be permitted on any property.

Section 1203 Measurement of Sign Area. The surface area of a sign shall be computed as including the entire area within a regular, geometric form or combinations of regular, geometric forms comprising all of the display area of the sign and including all of the elements of the matter displayed. Frames and structural members not being advertising matter shall not be included in computation of surface area.

Section 1204 Awnings with Signs.

1. Permanent type awnings that are a part of the building structure with no posts or supports shall be a minimum height of eight feet.
2. Roll down awnings attached to buildings are permitted if kept at a minimum height of seven feet when rolled down. They shall also be maintained in a good state of repair.
3. Signs, when a part of the awning (permanent or roll down) are permitted. The size of such signs is covered in Section 1212.

Section 1210 Signs Permitted in all Districts not Requiring a Permit.

1. Signs advertising the sale, lease, or rental of the premises upon which the sign is located, shall not exceed twelve (12) square feet in area, except in all residential districts where the area of the sign shall not be more than eight (8) square feet.
2. Professional name plates not to exceed two (2) feet by three (3) feet in area.
3. Signs denoting the name and address of the occupants of the premises, not to exceed four (4) square feet in area.
4. Political, garage, porch, yard and similar signs.

Section 1211 Signs Permitted in any District Requiring a Permit.

1. Signs or bulletin boards customarily incidental to places of worship, schools, social clubs or similar facilities which ground signs or bulletin boards shall not exceed fifteen (15) square feet in area and which shall be located on the premises of such institution;
2. Any sign advertising a commercial enterprise, including real estate developers or subdividers in a district zoned residential shall not exceed twelve (12) square feet in area and shall advertise only the names of the owners, trade names, products sold and/or the business or activity conducted on the premises where such sign is located
3. Real estate developers and subdividers may erect on premises, signs not to exceed sixty-four (64) square feet.

Section 1212 Signs Permitted in the Business District Requiring a Permit.

The regulations set forth in this section shall apply to signs in the business district and such signs shall require a permit.

1. In a business district, each business shall be permitted one flat or wall on-premises sign. Projection of wall signs shall not exceed two feet measured from the face of the main building. The area of all permanent on-premises signs for any single business enterprise may have an area equivalent to one and one half (1 ½) square feet of sign area for each lineal foot of building, occupied by such enterprise but shall not exceed a maximum area of one hundred (100) square feet.
2. In the business district, one off-premises signs with a total area not exceeding twelve (12) square feet may be permitted.

Section 1220 Temporary Signs.

1. Temporary signs not exceeding sixty- four (64) square feet in area, announcing special public or community events, the erection of a building, the architect, the builders, or contractors may be erected for a period of sixty (60) days plus the construction period. Such temporary signs shall conform to the general requirements listed in Section 1202, the setback requirements in Sections 1240-1243 and, in addition, such other standards deemed necessary to accomplish the intent of this Article as stated in Section 1200.
2. Special Displays. Special decorative displays used for holidays, public demonstrations or promotion of civic, welfare, or charitable purposes, are permitted provided the Village is held harmless for any damage resulting therefrom.

Section 1221 Free Standing Signs. Free standing on-premises signs not over thirty (30) feet in height, having a maximum total sign area of one hundred (100) square feet per display area and located not closer than eight (8) feet to any street right-of-way line and not closer than twelve (12) feet to any adjoining lot line may be erected. Free standing signs shall have a minimum height of eight (8) feet to the bottom of the sign.

Section 1222 Wall Signs Pertaining to Non-Conforming Uses. On-premises wall signs pertaining to a non-conforming use shall be permitted on the same premises of such use, provided the area of such sign does not exceed twelve (12) square feet.

Section 1231 Garage, Porch, Yard and Similar Sale Signs. All signs advertising garage, porch, yard or similar type sales shall be removed immediately after the sale has concluded its duration.

Section 1240 Sign Setback Requirements. Except as modified in Sections 1241-1244, on-premises signs where permitted shall be set back from the established right-of-way line of any thoroughfare at least eight (8) feet. No off-premises sign shall be erected in front of the required setback line for the appropriate zoning district unless granted by the Board of Zoning Appeals.

Section 1241 Increased Setback. For every square foot by which any on-premises sign exceeds fifty (50) square feet, the setback shall be increased by one-half (1/2) foot but need not exceed one hundred (100) feet.

Section 1243 Setbacks for Public and Quasipublic Signs. Signs and bulletin boards for a church, school or any other public, religious or educational institution may be erected not less than eight (8) feet from the established right-of-way line of any street or highway provided such sign or bulletin board does not obstruct traffic visibility at street or highway intersections.

Section 1244 Special Yard Provisions. On-premises signs where permitted shall be erected or placed in conformity with the side and rear yard requirements of the district in which located, except that in any residential district, on-premises signs shall not be erected or placed within twelve (12) feet of a side or rear lot line. If the requirement for a single side yard in the appropriate zoning district is more than twelve (12) feet, the latter shall apply.

Section 1260 Violations. In case any sign shall be installed, erected, constructed, or maintained in violation of any of the terms of this Ordinance, the Zoning Inspector shall notify in writing the owner or lessee thereof to alter such sign so as to comply with this Ordinance. Corrective action must be taken within thirty (30) days and completed within sixty (60) days. Failure to comply with any of the provisions of this Article shall be deemed a violation and shall be punishable under Section 350 of this ordinance.

ARTICLE XIII MANUFACTURED AND/OR MOBILE HOME PARKS AND MANUFACTURED AND/OR MOBILE HOMES INDIVIDUALLY

Section 1300 Intent. It is the intent of this Article to regulate the location of, and to encourage, stabilize and protect the development of well-planned manufactured and/or mobile home parks and the placement of individual manufactured and/or mobile homes.

Section 1310 Approval Procedures. Manufactured and/or Mobile Home Parks shall be permitted as a conditional use in the High Density Residential District (R-3) and shall be developed in according to the general standards and regulations stated and referenced in Article XIII.

Section 1320 General Standards for Manufactured and/or Mobile Home Parks. A new or expanded manufactured and/or mobile home park shall:

1. Be designed, constructed, operated and maintained so as to be harmonious and appropriate in appearance with the existing or intended character of the general vicinity and that such use will not change the essential character of the same area;
2. Not be hazardous or detrimental to existing or future neighboring uses;
