Mr. Wade Dunham
Evergreen Land Company
6295 Cosgray Road
Dublin, Ohio 43016

Dear Wade,

Union Rural Electric Cooperative, Inc. (URE) understands that you are proposing a new residential development in Jerome Township, Union County consisting of ten (10) lots on Currier Road.

URE has the availability and capacity to serve electric to all lots in our certified service territory. It would be our intention to serve all the lots which fall in our territory upon a formal request from the developer and a signed URE Developers Agreement.

Per URE terms and conditions for electric serve, URE requires a twenty foot (20') easement unless adjacent to a ROW or other easement at which point the easement can be reduced to ten feet (10'). All easements must be recorded and platted by the developer.

Warm Regards,

Beau Michael

Beau Michael
