Request:	Approval of Eversole Run Neighborhood, Section 7 (ERN-7) – Final Plat.
Location:	Located east of Jerome Road between Hill Road and Wells Road in Jerome Township, Union County.
Staff Analysis:	This Final Plat involves 29.671 acres of land and proposes 30 single-family residential lots. Acreages: ○ 4.129 acres in right-of-way ○ 18.164 acres in single-family residential lots ○ 7.378 acres in open space Proposed utilities: ○ City of Marysville water service ○ Jerome Village Community Authority collection and City of Maryville public sanitary waste treatment Preliminary Plat: ○ The Preliminary Plat was originally approved in October 2024, and the Amended Preliminary Plat was approved in August 2025. • Union County Engineer’s Office ○ The Engineer’s Office submitted comments in an email dated 06-30-26. The Engineer’s Office reported the Construction Drawings are approved, but construction has not completed. Due to this, a bond or surety was required, but none has been submitted/approved by the County Commissioners.

	1. The Map Room submitted mark-ups in a separate communication (07-01-26 email) and those were provided to the applicant's engineer. (There are a total of 7 mark-ups.) • Union County Soil & Water Conservation District ○ In an email dated 06-26-26, the District advised it had no comments. • Union County Health Department ○ No comments received as of 07-01-26. Standard comments from the Health Department are below: 1. "All efforts should be made to provide a point of connection (via easements and/or service lines) to both water and sewer to any adjacent home, business, or any other facility that is serviced by a private water system (PWS) and/or sewage treatment system (SWS)." 2. Any home, business, or other structure that is currently being serviced by a private sewage treatment system (STS) and ends up being situated within 200' of a sanitary sewer easement, shall be brought to the attention of the Union County Health Department." 3. "If at any at time during development of the subdivision a private water system (PWS) (well, cistern, etc.) or sewage treatment system (STS) is found, our office shall be immediately contacted for inspection. Proper permitting must be obtained for sealing and/or abandonment of a private water system (PWS) and sewage treatment system (STS)." • City of Marysville ○ The City submitted comments in an email dated 07-01-26. Some of the submitted comments are listed below and summarized for reference. (Please refer to email for all comments.) 1. On the west side of Laurel Crossing along Hill Road, please update the easement to be a 20' Drainage & Utility Easement. Note from LUC Staff: The subdivider should confirm whether this request is limited to the easement area long Laurel Crossing or also along Hill Road.

•Jerome Township

- The Township submitted comments in a letter dated 06-24-26. The Final Plat complies with the approved Development Plan. The Township also provided comments about snow removal and street tree agreements which are outside the scope of this Plat review. (Please refer to letter for all comments.)

•ODOT District 6

- No comments received as of 07-01-26.

• Ohio Edison

- No comments received as of 07-01-26.

• LUC Regional Planning Commission

1. Sheet 1: In the top-left corner of the sheet, paragraph 2 refers to lots 2575-2604. Shouldn't this be lots 2779-2808?
2. Sheet 1: Please list the variance on the title sheet. In a prior CESO plat (Pioneer Crossing, Phase 4), something was noted like the following phrase: "Variance granted for right-of-way width (Section 406) – Resolution No. 22-410 – 11-09-2022". For ERN-7, the note would read, "Variance granted for right-of-way width (Section 406) – Resolution No. 24-476 – 10-02-2024."
3. Sheet 2-3: The graphic scale is shown, but there is no written scale below it or along the right side of the sheet near the date and other information (§323, 1.).
4. Sheet 2: A condition of the Preliminary Plat approval was a 20' Utility Easement flanking the right-of-way along the south side of **Hill Road**. Please add this west of Laurel Crossing (§320).
5. Sheet 2: In the northwest corner of DOS-B, the drainage easement running along the west boundary line is under the minimum 10' of width. Please adjust (§414).
6. Sheet 3: Under Miscellaneous Restrictions/Notes, Note #3 refers to ERN-9. Should this be adjusted to ERN-7?
7. Sheet 3: Please review the right-of-way dimension of 770.23 in front of Lot 2791 (§323, 5.).
8. A letter is required from the County Engineer

Staff Report – Eversole Run Neighborhood, Section 7

	verifying all required improvements have been installed and approved by the proper officials or agencies, or verifying a bond or other surety, approved by the County Commissioners and their legal counsel, has been furnished assuring installation of the required improvements (§324, 2.; §326; §330).
Staff Recommendations:	At the time of this staff report, confirmation of approval of the outstanding bond or other surety has not been received. Although the minor technical items in this staff report could be incorporated on the Final Plat Mylar for the 07-09-26 LUC meetings, confirmation of approval of the outstanding bond or other surety (§324, 2.; §326; §330) is required before staff is comfortable recommending any type of conditional approval. If requested by the applicant, it is possible to table the Plat. Because this action has not yet occurred, staff recommends DENIAL of the Eversole Run Neighborhood, Section 7 (ERN-7) – Final Plat at this time. If the bond or surety and minor technical items are resolved by the 07-09-26 LUC meetings, it may make sense for the Zoning & Subdivision Committee to recommend conditional approval.
Z&S Committee Recommendations:	<i>Options for action:</i> ○ <i>Approval</i> ○ <i>Conditional Approval (state conditions)</i> ○ <i>Denial (state reasons)</i> ○ <i>Table (if requested)</i>
